

CATHOLICS CELEBRATE COMPLETION OF 100 YEARS' PROGRESS IN NEW YORK

Imposing Services Are
Held in St. Patrick's
Cathedral.

Hundreds of Priests and
Dignitaries of Church
Present.

Cardinal Logue, Primate
of Ireland, Celebrates
Mass.

New York, April 28.—As early as 8 o'clock this morning hundreds of priests and dignitaries and thousands of men, women and children were on the way to St. Patrick's cathedral to join in the imposing thanksgiving services in honor of the completion of 100 years of Catholic progress in New York. While the services did not begin until 11 o'clock, the cathedral was filled to overflowing long before 10 o'clock. Seats were reserved for numerous public officials and the members of the general committee of laymen, but after these had been seated, it was first come first served, and the ushers had a difficult task in making room. Before the service began there were fully 6,000 persons gathered in the beautiful edifice, and as many more on the outside.

Headed by a deacon, bearing aloft a processional cross, the clergy and priests who participated in the ceremony marched in solemn procession from the cathedral college, in Madison avenue, to the main entrance of the cathedral, in Fifth avenue, and thence up the long aisle into the spacious sanctuary. There were supplied energy, priests attired in the flowing

HOLDS FIRST CONVENTION

Congregational Brother-
hood of America Meets
in Detroit.

Detroit, Mich., April 28.—With a program of nine sessions, covering three days, during which addresses will be made by a number of men of national prominence, the first convention of the Congregational Brotherhood of America opened here this forenoon in the First Congregational church. About 600 men from all over the United States are expected to attend the convention, and more than 200 were present at the opening session.

The organization of the brotherhood was decided upon and begun at the meeting of the national council of the Congregational church in Cleveland, Ohio, last fall, and a committee of twenty-nine men was then appointed to act as organizers, with President J. H. 2. Main of Iowa college as chairman, and Frank Dyer of Chicago as secretary. The purpose of the brotherhood is to revitalize the interest of the men in the church.

Among the speakers on the program and their subjects are Gen. O. O. Howard, "The Needs of the Nation," William Allen White, "The Ethical Opportunity of the Press," President J. B. Angell, University of Michigan, "The Spiritual Opportunities of Secular Education," Rev. Washington Gladden, "Christianity as a Righteousness," Prof. Graham Taylor, University of Chicago, "The Church and Social Reconstruction," Prof. E. A. Steiner, Iowa, "The Message of the Elder Brother to the Brotherhood," and Rev. Samuel Parks Cadman, New York, "The Call of the Nation for the New Discipleship."

There will be three sessions daily for three days, the evening session to take the form of a banquet at Harmonie club.

CLEVELANDERS RIDE FREE ON STREET CARS

Cleveland, April 28.—Without price, citizens of Cleveland today are riding upon the street cars. Following the settlement of the so-called war of seven years, in which the municipality has been engaged, President Dupont, who took charge of the newly organized Cleveland Railway company at midnight, announced that free transportation would be granted the people, as an evidence of the cessation of the troubles. Incidentally, President Dupont is reported to have stated that upon the same date each year, an effort will be made to "consecrate" the day in a similar manner.

Downtown Cleveland is torn up, physically, in the furtherance of the effort to re-route cars, and much confusion has resulted.

LEADERS HOPEFUL

That Some Currency Leg-
islation May be En-
acted by Congress.

Think Bill May be Put
Through With Demo-
cratic Help.

Washington, April 28.—The house leaders have not abandoned hope of enacting financial legislation at the present session of congress. Representative Vreeland of New York, whose emergency currency bill has been considered the probable substitute for the Aldrich measure said yesterday that he had canvassed the Republican members of the house and that five-sixths of them would vote for his bill.

The question now is whether enough Republican votes can be marshaled for the bill to pass the house without the aid of Democratic votes. Failing in this, the friends of the measure believe the bill may be put through with Democratic help.

As the matter now stands the senate will refuse to pass a bill providing for the appointment of a commission to look into the whole currency system and report needed reforms to congress unless it is attached to a measure for emergency currency. If a bill is sent over to the senate from the house providing for merely a commission, the senate will add to it the Aldrich bill and send it back to the house. The senate is ready to accept the Vreeland bill with certain modifications and will not object seriously to its clearing house provision.

"The house leaders still insist that the Vreeland emergency currency bill will be laid upon the statutes before adjournment, the action of the committee on banking of this city, McDonald was Vreeland bill added chaos to a situation that was already badly mixed, but the indications are that the committee will reserve its action at a meeting to be held Wednesday. Representative Weeks of Massachusetts will make a motion for the committee to reconsider the vote by which the Vreeland bill was laid on the table. If this is carried the measure will be adversely reported, thus obviating the necessity of discharging the committee from further consideration of this legislation."

ENGLISHMAN IS EXECUTED

William McDonald of Gos-
port Hanged at Pitts-
burg for Murder.

Pittsburg, Pa., April 28.—William McDonald, alias Smith, of Gosport, Eng., was hanged here today for the murder of his common law wife, Miss Bessie Hyslop, whose throat he cut with a razor Sept. 18, 1907, upon discovering that she had been receiving letters from a man in England.

The execution was quick and one of the most successful in Allegheny county. McDonald, who is a small man, was dropped a little over six feet, resulting in his neck being broken. He was cool and walked to the gallows without apparent fear.

Considerable influence was brought forth in an effort to have the death sentence commuted to life imprisonment. He was to have been hanged March 24 last, but through a letter to Governor Stuart from Ambassador Bryce of Great Britain, and the efforts of prominent Scotch and English business men of this city, McDonald was granted a stay until today. The pardon board refused to take action and an attempt to have a commutation pointed to examine into McDonald's sanity, also failed. McDonald had a letter to his wife in England mailed today.

FIRE AT LA PLATA, MO.
La Plata, Mo., April 28.—Fire here last night, that for a time threatened the destruction of the town, burned ten business buildings, causing a total loss of \$50,000. The flames were not placed under control until this morning.

SEARCHING FOR FIEND

Brother-in-Law Brutally
Beats Two Young
Girls.

People of Minden, Neb.,
Organize Posses at
Once.

Lincoln, Neb., April 28.—A special to the Star from Minden, says: Poses to be searching for Bert Taylor, who is accused of having beaten Pearl and Ida Taylor, 17 and 13 years old. The two girls have been attending school and living in a little house provided by the parents. Shortly after midnight a man awakened them, dragged Pearl into the kitchen and beat her until she was insensible. Then he struck the other girl with his fist, broke a lamp, set the house afire and fled. Ida managed to draw her sister from the house. The oldest girl was still unconscious this morning from the assault and beating. Taylor is a brother-in-law of the girls.

A DESPONDENT MINER, AGED 75, HANGS HIMSELF.

Calumet, Mich., April 28.—(Special to The Herald.)—William Mertz, aged 75, employed at the Quincy mine for forty years, hanged himself late last night while despondent. He was one of the oldest miners in this district.

ORGANIZED LABOR TO DEMAND ACTION

New York, April 28.—Samuel Gompers, president of the American Federation of Labor, has notified organized labor throughout the country to adopt resolutions demanding that their representatives in congress vote for the labor bills before that body. What will happen if congressmen do not obey is told in the following paragraph: "We pledge ourselves individually and collectively to the exercise of our fullest political and industrial activity now and in the future to the end that we may aid in the election of such candidates for president of the United States and representatives in congress and such other executive, legislative and judicial candidates for office as will safeguard and protect the common interests of the workers."

CLOSE CALL FOR GORDON

Minneapolis Man is Stab-
bed Four Times by
a Rival.

Chicago Man Thought He
Had Stolen Sweet-
heart's Affections.

Minneapolis, April 28.—(Special to The Herald.)—James Gordon, 1023 Washington avenue, South Minneapolis, lies in his room in a precarious condition, having escaped death by the fraction of an inch as the result of a vicious assault by Roy Miller, enraged because he thought the affections and trunk of his sweetheart had been stolen from him.

Miller used a sharp knife in his attack and he sent the cold steel into his rival's body in four different places, the last blow landing just below the heart. Other gashes were inflicted about the head, neck and breast. A physician who was summoned believes the wounded man has a good chance of recovery.

The details of the quarrel are difficult to obtain as Gordon is too weak and Miller, believing he had killed his victim, escaped aboard an outgoing Chicago Great Western passenger train bound for Chicago. It is known that Miller, who claims Chicago as his place of residence, has been unsuccessfully endeavoring for the last two weeks to induce his sweetheart to leave the city with him.

Miller learned that Gordon has the young woman's trunk in his possession. He believed that if he could get the trunk the girl would come to him. With this idea in his mind he sought Gordon out last night. Gordon refused to give up the young woman's property and the war of words following this declaration ended in the combat.

DESTROYER CUT IN TWO

Another British Warship
is Sunk During Night
Maneuvers.

Lieut. Fletcher, Who Was
in Bunk, Lost With
Vessel.

Harwich, Eng., April 28.—The British torpedo boat destroyer, Galt, was cut in two and sunk early today off Ken-tish Knock, in the North sea, by the scout Attentive. The torpedo boat destroyer Ribble also was involved in the collision and returned to Sheerness, with two compartments full of water. The flotilla was engaged in night maneuvers when the accident occurred. Engineer Lieutenant Frank A. Fletcher of the Galt, who was in his bunk at the point where the destroyer was struck, went down with the vessel. There was no other loss of life.

The accident of today resembles in many respects that which was met by the torpedo boat destroyer Tiger, which collided with and was sunk by the British cruiser Berwick while engaged in night maneuvers off the Isle of Wight on April 2. The number of lives lost on that occasion, however, was thirty-six.

ANARCHIST DIES OF HIS WOUNDS

New York, April 28.—Solig Silverstein, the anarchist, who attempted to throw a bomb into a group of policemen in Union square, weeks ago, and was injured by the premature explosion of the bomb, died today. Silverstein's companion was killed by the bomb.

Silverstein, according to the police, confessed that he manufactured the bomb, and intended to throw it among the police, because a policeman had beaten him several days before. The incident occurred just after the police had driven a crowd of several thousands of persons out of Union square, where they had gathered to make a demonstration and prepare an appeal to the governor for work, and to listen to an address by Robert Hunter.

DUKE DE CHAULNES IS BURIED AT DAMPIERRE.

Dampierre, France, April 28.—The body of the duke de Chaulnes, the young French nobleman, who was married a few months ago, to Miss Theodora Shonis of New York, and who died suddenly in Paris last week, was today interred at the chateau of the De Chaulnes family here. The body was brought down from Paris yesterday. This morning a private mass was celebrated in the chapel of the chateau. Only the immediate members of the duke de Chaulnes' family were present.

EXTRA! LIEUT. BRIGGS FOUND DEAD

In The Rear of a Chinese Laun-
dry at West Duluth.

Was Attempting to Arrest An
Unknown Norwegian.

Arthur H. Briggs, lieutenant of police, was killed shortly after 3 o'clock this afternoon, while attempting to make an arrest in the rear of the laundry owned by Sam Sing, opposite the West Duluth depot.

The officer had entered the laundry for the purpose of making an arrest of a Norwegian, whose identity is unknown. The man ran out the rear door, with the officer in hot pursuit. A moment later the officer was found dead in an alley, his body lying across that of his prisoner. There was a wound in the officer's eye, which might have been made by a bullet.

The man, who was sought by the dead officer, was placed under arrest. He was unable to speak English, and could not give his name when questioned, or any details of the affair. Up to the present time, it has been impossible to find out the details of the struggle in the alley. The officer may have been shot in the struggle with his prisoner, the wound in the eye being that of a bullet, or in the struggle he may have been stricken with heart failure, as he was an exceedingly heavy man, weighing close to 300 pounds.

TURN WATER CHARGED WITH ON THE MOB KILLING OFFICER

Chicago, April 28.—John J. Herman, said by the police to have been a private in Company B of the Seventh Illinois regiment during the Spanish-American war, was arrested here today, charged with the fatal shooting of a policeman in Denver, Colo., eight years ago. According to the police, Herman escaped from the army barracks in Denver, where he had been confined as a deserter. A few blocks from the barracks he encountered a policeman, whom he shot and killed. He is also charged with having shot another policeman who had gone to the assistance of the first officer. Herman denied his identity at first, but finally admitted that he had served as a private in the Spanish-American war. He denied, however, any knowledge of the murder of the Denver policeman.

The police say that Herman was arrested here in November of last year under the name of John Wilson on a charge of robbery and that he served a short term of imprisonment for that offense. He is also said to have been arrested in Minneapolis last year under the name of John Harris, charged with a similar crime.

The man, who said he was Joseph Schmilowitz, a butcher, but out of work for several months, was almost insensible when lifted into the patrol wagon.

It is the belief of the police and fire officials that at least two fires were started by thieves for purposes of robbery.

INDIAN CHIEFS TO SEE LAURIER

Vancouver, B. C., April 28.—To call the attention of the government to what they believe is a deliberate attempt to rob them of lands, a deputation of Indian chiefs, representing every tribe of British Columbia coast Indians, will leave Vancouver for Ottawa on May 26 to interview Sir Wilfred Laurier. The prime minister is expected to arrive at the coast on May 26, and the deputation will commence its journey to Ottawa on May 27. The chiefs will be accompanied by Chief Joe today said that this expedition will be the biggest thing he has ever organized.

"Our lands are being taken all over the coast," he said, "and when we ask for particulars we are told that the government has given them away. We have held meetings after meeting and it has been decided to go and see Laurier. There will be forty chiefs in the party and they will commence to arrive at Caplano village next month. On May 22, 23, 24 and 25 we will be held at my house and on May 25 we will set out for Ottawa."

The deputation of the suffragist movements, Mrs. Bormann Wells, the English enthusiast, and Miss Josephine Casey of Chicago, were put to rout in Harlem last night. Miss Casey began an impromptu address at Seventh avenue and One Hundred and Twenty-fifth street and soon had an audience of 1,000 or more listening to her. Undaunted by calls of "Get the hook," and other impetuous remarks from the crowd, the Chicago speaker persisted, and by the time she was ready to introduce Mrs. Wells, the crowd which had gathered blocked traffic on the busy street, and an extra force of police were called for. The crowd absolutely refused to let the English speaker proceed, and after declaring herself through with Harlem for all time, Mrs. Wells and her companion abandoned the field and permitted the police to escort them to a car.

MUCH WORK UNDER WAY

City Improvements Now in Progress Will Cost \$95,854.

The Estimated Cost of Work Proposed is \$324,329.

The city engineering department at present probably has more work under its supervision than at any time since the "boom days." The total cost of the sewer, paving and water work now under way reaches a grand total of \$95,854, and the estimated cost of the proposed work is \$324,329.

Of the first amount, \$79,990 is for contracts provided for this spring, and \$15,864 is for work started last fall, but left unfinished until spring, on account of the winter season. It will be completed early summer. One of the strongest arguments of the city engineer who is trying to make a change in the middle of these improvements.

Following is a detailed account of the work proposed and under way:

TAX COMMISSION

HOLDS SESSION

Members of the state tax commission are holding a session this afternoon with the deputy assessor from the northern part of the state, in the district court room.

The members of the commission who are present are: Frank J. McVey, chairman; Samuel Lord, O. M. Hall and Rukard Hurd, secretary.

There are seventy-three assessors in the county, and practically all of them

are in attendance this afternoon, receiving their instructions.

Among the instructions being given the assessors are the following:

It is important that assessors should place all property on the assessors' books.

The assessors should view property and make their own valuations.

The assessors have no authority to make the \$100 exemption. The auditor grants the exemption.

Land should not be assessed at a township, but each acre should be assessed separately.

Improvements should be assessed separately.

Weather clear, streets clean and dry, come in full force.

"Grand Commander."

The above telegram, telling of the favorable conditions in St. Paul, was received by the commander of the grand commander at St. Paul, for which place 100 or more members of the Duluth Commandery will leave tonight to attend the grand convention of the Knights of Templar of the state, tomorrow.

More than 100 knights have gathered themselves to make up the company from Duluth, which will attend the convention. They will leave at 11 o'clock on the Omaha road, in six chartered sleepers, which will arrive in St. Paul at an early hour tomorrow morning.

At St. Paul, Knights Templar from all over the state will be gathered. In the morning a procession will be formed of 1,500 men in full uniform. If the weather stays clear, tomorrow should be a red letter day in the history of the order.

SUES FOR HIS COMMISSION

John B. Greenfield, a local real estate broker, has started a suit in the district court to recover from William D. Bradley \$150 that is alleged to be due as a commission for making the sale of the defendant's residence property at Lakewood, which was written for a life insurance policy. Mr. Greenfield alleges that he went to the trouble and expense of advertising the property and taking prospective purchasers to see it, that he finally got a purchaser who paid \$2,000 for the property.

Mr. Greenfield further alleges that it was agreed between himself and Mr. Bradley that he was to have the regular 5 per cent commission paid real estate brokers, in the event of a sale. Of an amount of \$150, he is claiming the balance of \$135.

This is the second case of the kind that has been started in the district court of this county this year.

Witness Tells of Shutting
Down Mills to Prevent
Competition.

Washington, April 28.—John Norris of the New York Times today continued his testimony before the house special news print paper and wood pulp committee. His testimony related especially to the shutting down of paper mills to prevent competition, and he quoted from various newspapers in substantiation of his own statement.

Mr. Norris quoted a great many statements from newspapers to show that the mills did not control their own output, but that on the contrary there was a complete understanding among them as to the distribution of product and the fixing of prices. He also asserted that the manufacturers met annually to determine prices. The purpose of his testimony was to show that there was a complete understanding among the paper-makers and their customers, and that newspaper publishers were entirely subject to their control in the matter of prices.

Mr. Norris also quoted from a number of publishers' statements in regard to the product of independent States. One instance related was that of a publisher in Chicago, who had heard of a Canadian agent who was offering a letter price on paper that could be secured in this country, but who was sought out and found to have raised his price and was closed.

Mr. Norris was unable to give statistics as to the Canadian mills which had been closed, but understood that some had been.

In this connection he was questioned by Mr. Mann as to why, if the Canadian mills were closed, the price of paper was so high, the publishers in the United States had not seized upon the opportunity to purchase those closed mills for their own use. Mr. Norris contented himself by replying to the effect that they had had no lack of such opportunity. He quoted a constant report to show that one such chance had presented itself in the province of Quebec, where it was claimed that the opportunity embraced 745,000,000 cords of wood pulp timber, which, Mr. Norris said, was sufficient to supply the United States for 200 years. He intimated that he did not share in the apprehension regarding the depletion of American forests.

Hearst Not in Sympathy.
Mr. Norris was questioned at some length concerning the price which Mr. Hearst paid for paper, and he gave the rates which he said he had heard were paid, and which were lower than the average. He admitted that Mr. Hearst's figures were about the same as those paid by his own paper, the New York Times, whose contract was made about three years ago. He said that Mr. Hearst was not in sympathy with the present inquiry. Shortly after 12 o'clock the bells rang in announcement of the fact that there was no quorum in the house and this caused Mr. Mann to remark that we stop here, and he is doing it to help you to hasten this hearing.

For the first time Mr. Norris today made reply to remarks of this character. He said:

"If your professed friends in the majority would do what they avow themselves extremely anxious to do, this proposition would have been passed

about four weeks ago and there would not have been any roll calls on that account."

Mr. Mann responded that he did not see how the publishers could claim to have any friends in the majority considering the abuse they had given that side. Mr. Norris declared that there had been no abuse, "unless you consider me the representative of a number" (referring to the publishers).

At this point a recess was taken until 2 o'clock.

MINNEAPOLIS MAN DOUBLY BEREAVED.

Minneapolis, April 28.—(Special to The Herald.)—While making preparations for the funeral of his oldest son, Clarence, aged 25, Benjamin Washburn, 3101 Newton avenue north, found his only son, Harry, 21, cold in death, Monday.

Clarence died Sunday from tuberculosis. Late Monday the father noticed that Harry had been absent from the house longer than usual and went in search of him. In the shed, in the rear of the house, he found the body. Death was caused by an epileptic attack brought on by the shock of his brother's demise.

FAMILY TO BE DEPORTED

Parents and Six Children
Will Return to
Canada.

Mother Supported Them
on Seventy-Five Cents
a Day.

Inspector in charge, W. H. Dean of the United States immigration district, left this afternoon with the Ellis family of Superior, for Detroit, Mich., where they will be deported to Windsor, Ont., the former home. The family consists of the parents and six children.

The case has been one of the most difficult with which the immigration authorities had to deal for some time. About four months ago the family came over from Canada. They were with very little means and the husband was in poor health, but they managed to evade the immigration authorities at Detroit and gain entry to the country. They came direct to Superior and secured a house at the East end.

From the first, they were poverty stricken and helpless. The man could not secure work suitable for the state of his health and the burden of the family was thrown on the woman. She secured employment at the Webster chair factory at a stipend of 75 cents a day, 10 cents of which she spent for car fare for the long ride from the East end to South Superior, and the remaining 65 cents she tried to support the family until the case was reported to Mr. Dean.

Mr. Dean found the family in abject poverty, being virtually public charges. He reported the case to the department at Washington and during the deportation proceedings, supplied them with the necessities of life, which were supplied by the small sum earned by the woman. The warrant for deportation was issued and they will be returned to Canada.

LYNCH IS CONFIDENT

That Governor Johnson Will be
Nominated at Denver.

Chicago, April 28.—At Governor Johnson's headquarters at the Grand Pacific hotel, it was announced yesterday that the annual convention of the Republican party, which will be held at Chicago, will choose in Connecticut and North Carolina this week.

Out of eight counties in Connecticut, Johnson will get seven," said F. B. Lynch, "and in North Carolina we have returns from fourteen counties and thirteen of them are for Johnson. We have every confidence that Governor Johnson will be the nominee at Denver."

Johnson Men Win.
Sault Ste. Marie, Mich., April 28.—After the hottest fight known here in years, the Johnson crowd captured the Democratic county convention, naming an anti-Johnson delegation to the state convention. Resolutions endorsing Bryan were killed, while half the convention was on its feet gesticulating wildly.

SUPERIOR MEN ARE WASHINGTON VISITORS.

Washington, April 28.—(Special to The Herald.)—Hon. R. J. Nye and J. T. Murphy of Superior are in Washington today, having come from New York stopping here en route home. Mr. Nye is in Washington merely upon a sight-seeing proposition, while Mr. Murphy, who is the proprietor of the Superior Telegram, comes to the capital to look over legislation looking to securing the removal of the tariff on wood pulp.

PICKING UP "DEADHEADS."

Ontario, Minn., April 28.—(Special to The Herald.)—John McClure is fitting up a boat for towing logs and clearing up deadheads. The mill is being remodeled and improved and will be ready for work by the middle of May. Mr. McClure thinks that he has logs enough for a full season's run.

BIG SUM FOR BROKEN LEG

West Duluth Boy Seeks
to Recover \$3,000
From City.

Caught Foot in Crack
Between Curb and
Sidewalk.

Summons and complaint have been served on the city by George A. Toot of West Duluth, who seeks to recover \$3,500 for injuries received by his son, Clarence E. Toot, a minor, due, he claims, to the carelessness of the city in regard to its sidewalks.

Mr. Toot claims that on April 13 his son caught his foot in the space between the sidewalk and the curb in the block between Ramsey and Bristol streets, on Central avenue, and was thrown against a wall so that his left leg was broken. He is suing for \$3,000 for the injury to his son and for \$500 for physician's services, hospital and medical charges. The complaint was read last night at the circuit meeting by the city clerk.

Harry Lanners and Theodore Hollister are the attorneys for the plaintiff.

FAMILY JARS.

Husbands and Wives Have Fight
Over a Broom.

Saturday the private affairs of the neighborhood families Joe Pirick and Charles Kibby became so complicated that they had to appeal to the West Duluth justice court to have them straightened out.

The two families live next door to each other on Sixty-second avenue west near Bristol street. The heads of the Pirick and Kibby families got to quarreling over a broom. Joe Kibby is said to have used profane and indecent language to his neighbor, Joe Pirick, who filed complaint against him on those grounds. He was tried and found guilty before Judge Plack, who fined Kibby \$5 and costs.

On the way to the trial, where they were to act as witnesses, Mrs. Francis Pirick and Mrs. Charles Kibby, the wives of the two men who had previously disputed over the broom, got into a quarrel and the former on reaching the court house, charged her neighbor with having slapped Mrs. Pirick and having thrown snowballs at her while coming down Grand avenue.

The case was continued to this evening at the justice court.

BODY BROUGHT HOME.

Mrs. Alfred Olson Will be Buried
in West Duluth.

The body of Mrs. Mary A. Olson, who died last Thursday at Portland, Or., of heart failure after an illness of two weeks, was brought last night to West Duluth for burial. Before Mr. and Mrs. Olson went West a year ago last March, on account of Mrs. Olson's health, they had lived in West Duluth for six years. Their home was at 505 Columbia avenue. She leaves a husband, Alfred, and two daughters, a son, and two daughters.

It is expected that several relatives will arrive from the southern part of the state and that the funeral will be held at the church of the Plymouth Congregational church will have charge of the services.

Horse Hit by Car.

A horse belonging to the Nelson Dry company was carelessly turned by the driver into a street and bound west on Central avenue yesterday afternoon. It was driven away, only a few cuts about the animal's head showing that it had been struck.

SUPERIOR NEWS

Open Federal Building.
The Superior Federal building will be formally opened tonight. The opening will be in the form of a reception of which the Commercial club will have charge.

Jury Acquits Foley.

A jury in the superior court, yesterday, acquitted Dan Foley of the charge of breaking into a Great Northern car. Foley claimed that while going through the railroad yards he went into a building and through mere curiosity, and while there was arrested by Detective Bushy of the railroad. Bushy claimed Foley broke into the car, but did not produce any broken package to prove his assertion. Foley's counsel claimed Bushy was too active in the matter and presented evidence to make a big showing with the railroad company.

Administrator Sues.

C. N. O'Hare, administrator of the estate of William E. Hall, who was killed in the railroad yards a year ago, has sued the Great Northern Railway company for \$5,000 damages. Hall, who was about 19 years old, was employed as a car checker. He was run over and killed while on his way to the office from the upper yards to eat his midnight lunch. There were no eye witnesses to the accident.

Miss O'Connell Dies.

Miss Florence O'Connell, aged 25 years, died at the home of her parents, Mr. and Mrs. J. C. O'Connell, 1215 Grand avenue, yesterday, from a complication of diseases. The decedent has been in ill health for some time but has been confined to her bed for about four weeks previous to her death. The funeral will be held from the First Baptist church, Wednesday afternoon.

Fined for Thumping Landlord.

Mrs. J. Jebucio, who recently gave her landlord, Thomas Cameron, a black eye because he attempted to put "a rent" sign on her house, pleaded guilty to the charge of assault, yesterday, and was fined \$10, with the option of ten days in the county jail. Friends of the woman intervened and arranged to pay her fine. Alderman Grimsrud has arranged to send the Jebucio family out to his farm, and will pay up the back rent they owe Cameron. The alienist has been supplying the family with provisions since Mrs. Jebucio was arrested.

ADMINISTRATOR SUES FOR \$5,000

Gul Neehak, administrator of the estate of Mike Voratovich, deceased, has sued the Shenango Furnace company for \$5,000 damages on account of Voratovich's death by accident in the Shenango mine March 8, 1907. Alexander Marshall is attorney for the administrator.

Oscar Pederson has started suit against the Minnesota Land & Construction company to recover \$200 damages for injuries received in an explosion of dynamite near Camp 53, about fifteen miles from Pelican Lake. Pederson claims that he was ordered to clean out a drill hole in the rock, where a blast had been placed, and that he did not know the danger attending the operation. Alexander Marshall is the plaintiff's attorney.

BRYAN CLUB ORGANIZED

Sixteen enthusiastic Bryan supporters gathered in Room 120 of the Manhattan building, last evening, in response to a call for a meeting of Fifth ward men, which had been widely circulated among the Democrats of the ward, and a Bryan club was organized.

The meeting was a very informal one, being held about a table in an office. T. T. Hudson explained the purpose of the meeting, and in an interesting talk discussed the chances of the various candidates this year. He stated that in his belief Bryan was 1,000,000 votes stronger than any other candidate this year, and that he was now practically assured of the nomination.

"Any fight that is made against him at Denver will but weaken him at the election, and will serve no other purpose," said Mr. Hudson.

S. F. Snively was selected as a ward chairman, to have general supervision of the work in the ward. He will have five precinct chairmen to assist him, and this committee will have charge of the work of getting out Bryan supporters at the caucuses for the county convention, which will be held next week.

APPLICATIONS SLOW COMING IN

Applications for dog licenses are rather slow in coming in. Up to this noon only twenty-four tags had been issued. One of these was for a female dog, and all the others were for males. The former license costs \$5.25 and the latter \$1.25.

The appointments of poundmasters were confirmed at the meeting of the council last night, and the men employed in this capacity will get to work the first of May. They will hold office for six months, and it is liable to go hard with any dog found running around without a tag during that period.

ROBERT LOWE GOES INSANE

Business Worries Are
Said to be the
Cause.

Robert E. Lowe of 2561 Minnesota avenue will be examined in probate court as to his sanity. Mr. Lowe, who is a civil engineer, and a member of the United States engineering corps, was brought in from Cleveport last night, and taken to St. Luke's hospital. There seems to be no question that he is insane, and he became so noisy at the hospital that it became necessary to remove him from the institution early this morning, and take him to the city jail, where he was locked up in a cell provided for such purposes.

It is denied at the hospital that the man assaulted one of the nurses as reported, and the police say they heard nothing to that effect. He has not tried any physical violence at the city jail, but was a loud and incessant talker while confined in his cell. Business worries are said to have been the cause of his trouble. It is said he has hardly slept a wink for the last two or three weeks. Lowe is 37 years old, and has a wife, but no children. Mrs. Lowe is heartbroken over the affair.

A GIRL BLOWS OFF HER HEAD

Seventeen-Year-Old Domestic Ends Life Near Northfield, Minn.

Northfield, Minn., April 28.—(Special to The Herald.)—Miss Rosa Horish, 17 years old, committed suicide yesterday at the home of William Albers south of the city, where she was employed as a domestic. The girl used a shotgun, which she loaded herself and took into the cellar where she committed the deed. The family heard the shot and rushed down the cellar. Al-

most the entire top of the girl's head was shot away. She left no word for her relatives and as yet nothing is known of the reason for her act.

300 MAKES DIRT FLY.

One Thousand Men Working on Extension East of Onamia.

Wahkon, Minn., April 28.—(Special to The Herald.)—During the past week about 100 Austrians arrived here to begin work for Thorson & Sanden on their grading contract in this vicinity. The contractors arrived yesterday and have taken up their headquarters at N. J. Johnson's.

There are about 8,000 yards of dirt to be moved between here and Onamia. Thorson & Sanden expect, with ordinary weather conditions, to be able to complete their contract here between the middle of June and the first of July. So the grade will, in all probability, be ready to receive the rails by the time the steel gang is ready to lay them.

TWO BOATS TAKE GRAIN

Zimmerman and Carter Sail for Lower Lake Ports.

Other Boats are Loading for Early Shipment.

Two cargoes of grain totaling 621,000 bushels comprise the cargo of the first day's grain shipments from the Duluth harbor for lower lake ports. The steamer Zimmerman left yesterday afternoon at 5 o'clock for Detroit Harbor with 265,000 bushels of export wheat, and the steamer B. D. Carter followed about 9:30 last night with 356,000 bushels for Erie.

Other grain boats will follow in a few days, although there will be no general movement until May 12 or thereabouts, when the coast freight carriers will begin their real season. The shipments now are under early charter, they being made under the agreement of the independent lines.

Other grain shipments will be made from Duluth within a few days. The Mills, managed by D. E. Hohn & Co., is loaded with grain and will sail in a few days. The steamer, owned by the Selbier Transportation company and managed by G. E. Tomlinson, is loading at Elevator H, and the B. N. Old, owned by the W. H. Becker Company of Cleveland, is loading at Elevator K.

Reports were sent out from Houghton last night that the S. C. Reynolds, which left Duluth Sunday night, and the Gratiwick, which left Chicago Saturday, were overdue. The Reynolds had put into Two Harbors Sunday night and did not leave for Houghton until midnight last night. It will arrive in Houghton this morning. The Gratiwick passed through the Soo today, as did the Muncy, an Anchor Line freighter.

The freighter Duluth of the Western Transit company left Buffalo at 5 o'clock this morning, with a full cargo of package freight, direct for Duluth. Two other boats will follow within the next twenty-four hours. The Troy of the same line is loading here and is expected to sail tonight direct for Buffalo with a full cargo of package freight.

Work will be begun on the Volvén dock in the lower harbor shortly. It is expected the fitting out of the steamer Troy, which is still at the Superior shipyard, will begin this afternoon and she will probably sail the latter part of this week. The coast freight vessels of the same fleet is also on the ground and will begin fitting out immediately.

pers now show little interest in the lake route being open again after several months of lay idleness. The cause of this is advanced rates of grain from Buffalo to the seaboard, which have placed the lake route on a parity with the all-rail lines. One shipment of wheat has made the total of business offered for a fortnight past. The rate is 1 1/2 cents on wheat and may rise at that figure until the upbound fleet gets on the market for return cargoes.

Not a sign of trouble has so far been seen here in reference to the new policy of "open shop" on Lake Superior. All the unions are permitting their members to ship whenever berths are to be found, with no questions asked. The men seem glad to get work now and let the union question wait until there is a greater demand for labor on shipboard. "I have an idea," said a vessel man yesterday, "that the open shop has come without a struggle. Whether it stays or not will depend upon the vessel owners themselves. If they treat their men fairly and give the wages that ruled last year under union domination, I believe there will be no trouble. If, however, they begin to cut wages below a living scale, the unions will be forced to make a fight."

OPENING AT CLEVELAND.

Steamer John McGeon First Big Freighter to Leave Port.

Cleveland, April 28.—The new steamer John McGeon, with coal for Port William, the first big freighter to leave port, sailed last night.

A number of vessels have cargoes that must be delivered early. This was understood when vessel owners made their agreement not to start before May 12. The passenger steamer City of Erie sailed last night for Buffalo on her first trip of the season.

GALE AT HOUGHTON.

Life Saving Station at Portage Lake Canal Opens.

Houghton, April 28.—Scarcely had navigation opened on Lake Superior before the lake was swept by the most furious northeast gale in years. The wind attained a velocity of sixty miles an hour and was accompanied by a foot of snow all along the southern shore. The lifesaving station at the canal opened yesterday.

"One Touch of Nature Makes the Whole World Kin."

When a rooster in a big farm yard calls all the hens in the farm yard to come and share it. A similar trait of human nature is to be observed when a man discovers something exceptionally good—he wants all his friends and neighbors to share the benefits of his discovery. This is the touch of nature that makes the whole world kin. This explains why people living in remote places write letters to the manufacturers for publication, that others similarly ailing may also use it.

JOHN DUNNETT DEAD.

Minneapolis, Minn., April 28.—John Dunnett, a prominent grain man of the Twin Cities, died at his apartments at the Plaza Hotel Sunday morning, after suffering three hours from a stroke of apoplexy.

Mr. Dunnett had been actively connected with the grain and lumber business in the Northwest for a number of years, having conducted the grain firm of John Dunnett & Co. for several years in Minneapolis. He was formerly associated with A. J. Sawyer, another former prominent grain man in the Northwest. After the death of Mr. Sawyer, Mr. Dunnett continued the business alone.

FISHERMAN'S NEW BOAT.

Spooner, Minn., April 28.—(Special to The Herald.)—Harry Curry, a doughty fisherman from Curry's Point, has just completed the construction of his new launch on Wednesday and had the boat hauled down to the dock for a forward trip to Beaver bay. The craft is a staunch one and should be of great service to its enterprising owner.

TAKES CROOKSTON HOTEL.

Crookston, Minn., April 28.—(Special to The Herald.)—D. D. Clark, who has been in the hardware business here for the past four years, has leased the Palace hotel, which has been closed for the past two weeks, leaving it to Michael & Co. having expired. The formal opening will take place as soon as the hotel has been thoroughly renovated. W. J. Rice will be the manager of the hotel.

HOLLAND AT ST. JOSEPH.

St. Joseph, April 28.—The steamer Holland of the Graham & Morton line, making the run from Chicago to Holland and intermediate points, reached the latter port late Sunday, but did not land because of the heavy gale. The captain put back into the lake and brought the boat safely into St. Joseph yesterday morning.

ICE AT BUFFALO.

Boats Have Trouble Forcing Entrance to the Harbor.

Buffalo, April 28.—Monday's arrivals include the Roswell, Flower and Beatty. The steamers Mauchunk, Charles Weston, Josiah M. Brown and parent got away and aided each other through the ice fields. The Flower had some difficulty in getting in. The Maryland, the Maryland and the Ketchikan arrived Sunday night. No more trouble is expected until the wind shifts the ice at this end of the lake.

BUTTE & LONDON NOT ABANDONED

Suspension of Operations on the Shaft Only Temporary.

On April 13, a report was sent out over the wires from Boston that it had been officially announced that the Butte & London property at Butte, Mont., would be abandoned and the machinery disposed of as soon as possible. This statement was entirely false, as the company is merely discontinuing operations temporarily. In a circular issued to the stockholders, the directors gave the following explanation of the company's affairs.

The shaft on the Butte & London property has been sunk to a depth of 1,100 feet. At the 1,100, cross-cuts have been driven, the largest of which is 20 feet wide. On these veins considerable drifting has been done.

Two of the veins cut on the 1,100, and which were considered of the most importance, strike southwesterly and northeasterly, which strikes takes the veins directly towards the largest producing mines of the Anaconda company, whose properties adjoin the Butte & London on the southwest.

When it is considered that the shaft passed through 20 feet of waste before reaching bed rock, it will be seen that the 1,100, where the cross-cuts are driven, there is only a real depth below bed rock of 80 feet. At the same depth in the North Butte properties, directly to the west of us, scarcely any values are found, but when they reached a depth of 1,000 feet, one of the largest ore bodies in the camp was opened up.

Under the circumstances, the management has come to the conclusion that it will be unwise to continue any further drifting on the 1,100, and that the proper course to pursue is to sink the shaft to the 1,500, at least, before doing any more crosscutting or drifting.

"The company has no debts and owns its property in fee simple. It has one of the best machinery plants in the camp, and one which is large

PROGRAM OF PRESIDENT

For Four Battleships is Effectively Killed in the Senate.

Senator Clapp Supports Naval Committee in Able Speech.

Washington, April 28.—By an overwhelming vote President Roosevelt's four battleship program failed in the senate, just as it did in the house.

The amendment for four battleships was introduced by Senator Piles and the fight for its adoption was led by Senator Beveridge.

Twenty-three votes were cast for the increased program, the number largely being made up of recently elected senators. Fifty senators voted to support the house, and the recommendation of the senate naval committee in favor of building only two battleships.

The debate on the battleships amendment lasted three days to the exclusion of all other matters. It was begun by Senator Beveridge with an eloquent appeal for the support of the president and a suggestion that the larger navy might be needed for war. Members of the committee upbraided the Indiana senator for this veiled hint of war with another country and sought to make him admit that he meant Japan.

At times the discussion came near being acrimonious, sharp exchanges occurring between Senators Aldrich and Beveridge. The former's references to Mr. Beveridge excited Senator Smith of Michigan to protest against the senate chamber being "made a slaughter house for the young senator from Indiana."

It was developed by Senator Allison during the debate that there is a well defined understanding among the senate leaders for the authorization of two battleships each year until the American navy is regarded as sufficient to meet any demands that may be made upon it. As finally passed the bill carries appropriations aggregating \$123,115,559 and provides for the construction of two battleships and two colliers and the purchase of three additional colliers, the construction of submarine and other craft, and increases the pay of officers and enlisted men as well as increasing both the pay and the strength of the marine corps.

Senator Clapp Supports Committee. Senator Clapp of Minnesota made a speech in support of Senator Hale and the naval committee of the senate on the report to authorize building two new first-class battleships and in opposition to the amendment to substitute four new engines of war on the high seas, Senator Clapp made a short report and received many congratulations.

He took up the speech of Senator Beveridge, delivered last Friday but not printed in the Congressional Record until yesterday, and completely riddled the argument by the Indiana senator. Senator Clapp contended that every proposition of Beveridge as tending to show that a great navy vouchsafed perpetual peace, was couched in error and "in this case," continued the senator, "we have a forcible illustration of error eliminating all logic and proceeding only upon wrong and erroneous premises."

Referring to Senator Beveridge's claim that if we had three more warships at the time of the Spanish-American war that conflict would have been avoided, Senator Clapp with much dramatic force declared that if we had one less, namely the Maine, which was blown up in Havana harbor, the war would never have been declared.

The idea, he said, that peace or war between a nation like Russia and Spain or Italy depended upon one or three more ships more or less was simply preposterous.

Referring to the Mafia incident at New Orleans, which ended in the United States making reparations to Italy, Senator Clapp contended whose lives were taken and calling attention to Senator Beveridge's dire depiction of that incident. Senator Clapp said that the Mafia incident of the United States decided to grant the indemnity instead of wiping Italy off the seas as Spain had been wiped off was more to our credit than a declaration of war.

He gave Senator Beveridge a shot that caused much laughter when he declared that all of his (Beveridge's) prophecies of international complications were as rapid as moonshine and of as little weight so far as argument is concerned as one whose imagination is highly colored by imbibing moonshine.

BRIEF TELEGRAMS.

The secretary of the treasury Monday announced a further call upon the national banks for approximately \$400,000, \$200,000 to be paid on or before May 9 and the remaining \$200,000 on or before May 22, 1908.

The nineteen bookholders who have been in jail at Port William, Ont., for the past few weeks, and fifty-eight others living there, were Monday shipped to Yorkton, Sask. in a special car. Last fall they walked 160 miles to Port William.

The department of justice is tendering its aid in the investigation into the escape from the hospital for the insane at Washington a few days ago of Louis A. Guordian, known as the "Chalet King," and Marion M. Barker, a soldier patient, Dr. Whit, the superintendent of the asylum, claims that the men received assistance from the outside.

Emma James, the well known opera singer, filed a complaint in the supreme court of New York Monday against Julian Story, from whom she was divorced a short time ago, to recover a large amount of personal property which the diva says belongs to her, although still retained by her former husband.

No action will be taken by congress at this session of the Keim bill forbidding interstate commerce in convict-made goods. The house committee on labor Monday agreed to call for briefs and printed testimony and postpone report on the bill until the next session.

SALE EXTRAORDINARY!

Antique Rugs From The Collection of Abdul Ghaffer Kandahare, Select Turkish-Afghan and Persian Rugs

ON SALE WEDNESDAY, THURSDAY, FRIDAY AND SATURDAY, APRIL 29-30 and MAY 1-2.

Moving Makes Misfits! And May house cleaning, or a change in your house, flat or apartments usually means business for the Rug man. For months we have been scouring the markets of the East for something in this line before unequalled—and we have found it! Something that will put a "crimp" in the business of the usurious rug peddlers and traveling fakirs, something that will set the installment buyers to thinking with its money-saving possibilities.

Through a business courtesy of one of the largest department stores, (and acknowledged to be one of the largest operators in imported rugs in this country), their buyer and our New York representative sailed in together and bought the \$20,000.00 Collection of Abdul Ghaffer Kandahare, one of the most adept, and best informed rug collectors in the Far East, operating as he does in Afghanistan, Persia and Turkey. His collection embraces some wonderfully choice pieces from the most remote regions. We would have liked to secure the goods we now offer you, a month ago—but they were not to be had then—at the price.

The rugs are not extravagant in price, but are what would be termed high class goods, at medium prices. Suitable and good enough for any home.

We have no pedigrees or fake stories of origination to be handed out with the choice pieces—as the case with some of the "fly-by-night" dealers that occasionally storm Duluth; we simply tell you what the goods are, and guarantee the prices to be

right in every instance; and furthermore should there be any cause for complaint, we are right here to make every sale satisfactory. The line consists of Meccas, Shiraz, Kazaks, Goerevans, Shirvans, Cabistans, Sultanabads, Kelims, Serapis, Khorassans, Serabends, Kirmanshahs, Ghennes, Punjabs, Anatolians, Bokharas and many others. The sale begins on Wednesday, April 29th, and will be continued throughout the entire week. No goods will be laid aside or sold previous to the day and hour of the sale.

Remember the Date—8 a. m. Wednesday, April 29th.

WOMAN'S BODY FOUND IN TRUNK

Wife of New York Paper Manufacturer Brutally Killed.

New York, April 28.—The body of Mrs. Sarah Brennan, wife of Patrick Brennan, a paper manufacturer, brutally hacked with an ax and the skull crushed in, was found tightly packed in a large trunk at her home at Brooklyn, yesterday.

Nearly the trunk a bloody ax was found. Pending further inquiry into the case, the police have taken into custody James Farmer and his wife, who are neighbors of the Brennans.

The Brennan home, which is in the wife's name, was, according to the county records, transferred, on Oct. 1, last, to Farmer, for the consideration of \$2,100. Brennan claimed that he was not a party to the transfer, and, further, said that his wife had denied to him that she had executed such a deed. On Thursday last Mrs. Brennan disappeared, and the same day the Farmers sought possession of the Brennan home. When Brennan objected, he was directed to the county clerk's office. On Saturday he examined the records and found that a deed had been instituted, as Farmer stated.

Meantime Mrs. Brennan had instituted an unsuccessful search for his wife. Every bit of the country about the village was gone over, and hope of finding Mrs. Brennan had been almost abandoned when a further search at her home was suggested. This resulted in the breaking open of the trunk in which the body was found.

BLINDING SNOW FATAL.

Northern Pacific Hostler—Struck During Storm and Killed.

St. Paul, Minn., April 28.—(Special to The Herald.)—The blinding snow storm that swept over St. Paul yesterday was responsible for one death.

Thomas Nixon, a hostler employed at the Northern Pacific roundhouse, was struck by a switch engine in the Mississippi street yards about 7 o'clock yesterday. Nixon, who was about 56 years of age, was on his way to work in the roundhouse where his duty is to take

care of engines. The snow storm, which was at its height then, and the gusty wind, blowing it in different directions in as many seconds, blinded Nixon so he did not see the approaching switch engine. The engineer of the switch engine, for the same reason, could not see Nixon and when he stopped the engine in front of him, he was horribly mangled and death was instantaneous.

BANQUET AT FORT FRANCES

Duluth men Take Trip of Inspection Over New Road.

The first train to run across the new railroad bridge at Fort Frances, will bear, this evening, a party of Duluth men, who left this morning on the Duluth, Missabe & Northern's morning train. The party is one of inspection and is composed of prominent railroad officials and shippers.

At Virginia they will dine at the Fay hotel, after which they will start out on the new road.

Fine Prescription For Old People.

Try it if you need it. If not, tell some one who does. If your druggist does not have all the ingredients, he can get them of wholesale firms who supply doctors and the trade.

Mix in a bottle one-half ounce fluid extract, one ounce compound tincture of Sarsaparilla, one ounce of Sarsaparilla compound. Take a teaspoonful before each meal and one at retiring. Many old people need this, because kidney and urinary troubles are everywhere apparent. Incontinence, tortuous aches, pains, rheumatism, blurred vision, puffing under eyes, swollen feet and limbs, lame back, irritability, nervousness, etc., all indicate the need of immediate attention. To a good doctor, or else have the above formula, filled, as it is known as Gaur's prescription, being the celebrated German scientist, whose single fine range from \$50 to \$100.

over the new Duluth, Rainy Lake & Winnipeg Railroad for Fort Frances, crossing the bridge just completed there. At Fort Frances the party will be the guests of honor at a banquet given in celebration of the completion of the new road.

The officials of the road are W. H. Cook, president; J. C. Mulvey, vice president; D. O. Anderson, secretary, and E. P. Stope, treasurer. Invitations were sent to President W. E. Macgregor and Secretary Hubert V. Egan of the Commercial club; P. A. Patrick & Co., Stone-Orlean-Wells company, Marshall-Haw-Thomson company, Marshall-Wells company, Wright-Clarkson company, Northern Shoe company, Christensen, Mendenhall & Graham, all of this city and the mayor and other prominent citizens of Virginia, which is the operating headquarters of the line.

A staff correspondent of The Herald accompanied the party.

ONAMIA IS GROWING.

Town of Duluth Extension of Soo Experiences Building Boom.

Onamia, Minn., April 28.—(Special to The Herald.)—Regardless of the scarcity of building material Onamia is making fine progress in the building line and this town on the Duluth extension of the Soo is rapidly forging to the front.

The buildings that have been erected this spring are as follows: Alfred Welden, John Lamb, J. J. Burnner, William Klein, August Blehmiller, George Orton and William Serlinger have each erected residences. C. B. Quale is completing a two-story building 21x30 feet, which will be used as a restaurant, with a kitchen in the rear 6x20 feet. Mr. Love has put up a building, which he is now using as a restaurant, and is doing a good business. Later he expects to move this building back for a kitchen and put up a large building facing the street. George Simpson is completing a two-story building 26x30 feet, with a kitchen in the rear 14x12 feet. This building is for restaurant purposes and will soon be open for business. J. J. Rimmer has commenced work on a two-story building 16x38 feet, which he will use as a store. C. E. Rogers of Fergus Falls has commenced work on his lot, where he is preparing to put up a building 26x30 feet, which he will occupy as a grocery store. The best building put up for a building 21x30 feet, which will be used as a hardware and furniture store. C. H. MacKenzie has erected a law office 30x30 feet.

MANNER OF HIS DEATH WILL BE DETERMINED.

La Crosse, Wis., April 28.—That Charles Fritz, a business man who was found dead in a barn on the outskirts of the city in 1907, was murdered, is the claim in an action started by the widow of Fritz, deceased against the United Order of

Foresters and whether Fritz was murdered or committed suicide will be determined at the trial.

Fritz was found with a bullet through his head. It is expected that it may be necessary to examine the body to secure evidence.

BLAMES IT ON BOOZE.

Swindler Pardoll Admits His Guilt and Goes to Jail.

Benndoll, Minn., April 28.—(Special to The Herald.)—J. E. Pardoll, who was arrested at Duluth while trying to escape into Canada, pleaded guilty before Justice St. John to the charge of obtaining board and accommodation at the Markham hotel, pleaded guilty before Justice St. John to the charge, and was sentenced to pay a fine of \$50 and costs, or to serve thirty days in the county jail. As Pardoll has no money, he will languish in the Beltrami county jail for the next month.

In explaining his conduct, Pardoll claimed that he had been on a protracted spree and had been drinking heavily. He said, with the result that he "worked" the hotel at Grand Rapids and had been charged for board and accommodations, skipping out without paying his bills; also that he obtained advertisements for a railroad time table that was never printed to come.

As a warrant was issued at Grand Rapids charging Pardoll with a similar offense, it is more than likely that he will remain behind prison bars for some time to come.

AMBASSADOR TO SPEAK.

St. Paul, Minn., April 28.—Ove Gude, the recently appointed ambassador to the country from Norway, will be the orator of the day at the ceremonies to be held at the Auditorium, Norwegian Independence day, May 16.

Plans Being Made for Big Gathering Here in August.

Lake Superior, with the coconcess that comes from the lake, prove an additional attraction that is hard for residents of the interior to withstand, and as the railroad men are able to get here without payment, there is every reason why they should take a few days off and come to Duluth for a few days socializing. The only object of the G. M. & A. C. Co., is the promotion of good fellowship, and to have a good time, and this object has always been easily attained in the past.

Tallyho rides, and excursions on the lake, will be the principal features of entertainment this year.

POWER PLAN
IS BRIGHTER

President May Reconsider His Action in Vetoing Time Extension.

International Falls People Telegraph Urgent Appeal to Executive.

International Falls, Minn., April 23.—(Special Correspondence).—The clouds that have been hanging over this city since the president's recent veto of the bill extending the time in which the promoters of the big power enterprise here could complete the undertaking, are slowly lifting and hope is giving away to discouragement that resulted from the chief executive's unexpected action.

At a mass meeting presided over by Mayor John Berg, a telegram was presented by President John McFarlin of the Commercial club that it was decided to dispatch immediately to the president

to expend their money and time in the development of this new country, by a hope that the great water power would be developed by this company at an early date.

Two Railroads Completed.
"Two railroads have recently been completed to this point, the extension of which was due to the proposed development of the project to develop a great water power at this place by the completion of the dam now in course of construction will render the investments, efforts and labors of hundreds of these settlers and business men fruitless. The country here in Northern Minnesota depends for its further prosperity upon the completion of the work undertaken by the company. The delay of this work will be an unbearable hardship to every settler, business man and investor in the vast territory tributary to International Falls, Minn."

"We endorse with sincerity the views expressed by you in your message on this subject, as a general proposition, but we believe that this case is an exceptional one in that the work is nearly half completed; the company has expended a great deal of money in an effort to construct the dam, and the whole country here has been settled up and investments made by individuals who relied solely upon the completion of this project, and should be dealt with as the peculiar conditions of the situation indicate."

"We therefore respectfully urge upon you the necessity of timely action which will grant to said company the privilege to immediately continue to construct said dam and complete it at an early date as possible, having regard for the interests of this community both as to the immediate resumption of work upon said dam and as to its early ultimate completion."

POLICIES IN FORCE.

Late Life Insurance Statistics of North Dakota.

Bismarck, N. D., April 23.—(Special to The Herald).—The preliminary report of State Insurance Commissioner E. C. Cooper has just been issued, showing some very interesting facts in connection with the life and fire insurance business in North Dakota.

In the way of life insurance in the so-called old line companies, there were 20,437 policies in force in 1906, with a total amount of insurance of \$38,257,824.03. During the year just closed 3,667 new policies were written, the total amount of these new policies being \$7,262,296.05. At the present time, according to the report, there are 23,720 policies, with a total of \$45,554,622.13 in insurance.

During the year 2,192 policies ceased to be in force, these aggregating \$4,304,110.03 in insurance. With this reduction there were 21,528 policies in force at the close of the year, with a total of \$41,350,512.10 in insurance. The total amount of premiums received during the year was \$1,345,243.52. The total losses incurred are fixed at \$200,480.03, while the total amount of losses paid was \$217,865.

DULUTH KNIGHTS THERE.

Knights of Columbus Initiation at Crookston Well Attended.

Crookston, Minn., April 23.—(Special to The Herald).—Despite snow flurries the class adoption of the Knights of Columbus held here Sunday was largely attended and successful. The largest delegation was from Grand Forks, N. D., and East Grand Forks, Minn., the members coming over on a special Northern Pacific train. There were many present also from St. Paul, Minneapolis, Duluth and smaller places in this vicinity.

A class of an even fifty candidates was initiated, the work being done under the direction of District Deputy Leo Bad of Duluth, who was accompanied by a large delegation from that city. A short session was held before dinner, but the initiatory work was begun after noon and concluded shortly before 9 o'clock in the evening.

At that hour the members marched in a body to the Auditorium, which was beautifully decorated with flags and bunting with a monster K. C. banner stretched clear across the rear of the hall.

The banquet was spread on four tables, each 100 feet long, and 420 strong.

HOUGHTON HAS LTD.

Copper Country Town Puts in Its First Dry Sunday.

Houghton, Mich., April 23.—For the first time in history, Houghton county spent a "dry" Sunday. The lid was put on by Sheriff August Beck Friday night, and the Copper country is now experiencing its most severe form of saloon regulation. Houghton, for years

known as a "wide open" town, has finally been placed on the dry list and today intemperance is an unknown beverage, so far as the saloons are concerned.

GROSS TOOK ARSENIC.

Moorhead Man Despondent Over Loss of Wife, Commits Suicide.

Moorhead, Minn., April 23.—(Special to The Herald).—Despondent over the loss of his wife, who died about a year ago, George A. Gross, an old resident of Moorhead, took arsenic and died a short time after he was discovered writhing in agony. When asked by the physician who was called in why he had taken the poison, Gross replied he had taken it to relieve the pain in his side. The coroner's jury found that Gross took the poison while in a dejected condition.

There was a report current that he recently subscribed \$500 for Northwestern Interurban stock, and this added to the despondency from which he had been suffering, but on investigation this story proved groundless.

Deceased leaves three children. He was a member and carried insurance in the Workmen and the Sons of Herman. He was also a member of the Odd Fellows lodge.

AUTOMOBILE SCARES TEAM.

Farmer is Thrown Out and More or Less Injured.

Badger, Minn., April 23.—(Special to The Herald).—J. H. Anderson, a Dewey farmer, is recovering from injuries he sustained a few days ago in a runaway. His team took fright at a passing automobile, near Elm Waterman's, became unmanageable, upset the buggy and dragged him through the brush for some distance by the lines, when he was compelled to get out. He fell into a wire fence and was badly cut up, one of the animals being scarcely able to move. He received several bad cuts, and the team was badly hurt. The owner of the automobile has agreed to make settlement with Mr. Anderson.

MILWAUKEE EXPRESS LINE.

Road to Install Service When Extension Reaches Butte.

Milwaukee, Wis., April 23.—(Special to The Herald).—It is practically settled that the Milwaukee road will install an express service upon the new Pacific coast extension. The service will be established just as soon as the new line reaches Butte, Mont., and if successfully carried out will be further extended over the entire system, according to W. H. Dods, general freight agent. Rumors that the road had taken definite steps to offer the old express service over the new Pacific coast extension. PENINSULA BRIEFS

Marquette.—The building committee of St. John's church, which has had charge of the erection of the handsome new office recently occupied, has decided to offer the old church structure, immediately adjoining the new.

Negaunee.—The members of English Oak Lodge, Sons of St. George, attended services at the Mitchell Methodist church Sunday morning. Many members were over from Ishpeming, both lodges of that city being represented.

The Negaunee band led the procession from the society's hall to the church and returned. Rev. W. B. Combs, the pastor, preached an interesting sermon.

Michigan.—Edward F. Brophy, one of Michigan's best known citizens, died Sunday. Death was not unexpected, as he had been confined to his home for two weeks, and for two or three days before he died.

Charles Jones, an old-time resident of Floodwood, now of Salem, Iowa, is here looking after his interests at this place.

DAKOTA BRIEFS

Park River, N. D.—Members of the Park River high school presented the "Merchant of Venice" up to date, in the opera house. The members of the cast played a success.

Eau Claire.—About 200 Knights of Columbus of Superior, St. Paul, and other places, assembled here Sunday. The afternoon was spent in conferring degrees on about seventy-five candidates. A banquet at the Eau Claire club concluded the event.

Waukesha.—Amanda Last, the 17-year-old daughter of a farmer, who recently died in connection with the finding of the upper portion of an infant in the yard at her home, of which she admitted being the mother, has been released from the county jail, where she had commenced a six months' sentence in default of a \$10 fine.

Appleton.—Ireland's patron saint did not do much for the people of the Emerald Isle when he drove the snakes from its shores than did Miss Florence Archibald for the thirty-five pupils in her school at Libary, when she killed thirteen wriggling.

WISCONSIN BRIEFS

Chippewa Falls.—The station at Irvine was wiped off the map by order of the Wisconsin Central Saturday, and three operators there will be transferred to other stations. Irvine is one of the Central's freight division points, and its business will hereafter be taken care of by operators here.

Eau Claire.—About 200 Knights of Columbus of Superior, St. Paul, and other places, assembled here Sunday. The afternoon was spent in conferring degrees on about seventy-five candidates. A banquet at the Eau Claire club concluded the event.

MINNESOTA BRIEFS

Walker.—Sunday evening Rev. George Michael preached his farewell sermon in the Congregational church. He has worked diligently in this field for over eight years and has endeared himself and his family to the people, and all regret to see him depart.

St. Cloud.—Arrangements are now being made to hold an institute for the women's side of farm life in St. Cloud in the near future. N. K. Hunt of this city is in receipt of a letter from the State Farmers' institute, saying that such a meeting could be secured for St. Cloud, and that two men and a woman lecturer could be assigned here.

Keell.—J. L. Dickey of Skibo, Minn., arrived in the city Thursday night to take charge of the remains of his brother, who died at the hospital Tuesday. The funeral was held Friday. The remains being interred in the local cemetery.

Willmar.—The incoming St. Cloud passenger train struck a man, who happened to step upon the main track, last Friday afternoon. The man, giving the name of Joseph Winkelmeyer, was a stranger in the city, and is now at Willmar hospital with a broken shoulder and ankle and a fractured skull, besides minor injuries, but has a fair chance of recovery.

Spooner.—John O. Peterson, in company with his brother, F. A., and nephew, Carl Peterson of Fitts, departed for Superior Saturday for a brief visit, after which he will leave for Alberta, Can., to look after some land holdings there.

Roscoe.—Robert Reed, mail carrier between Badger and Duxbury for many years, died in the hospital here last week. He was a native of Duxbury for many years, and was about 80 years old at the time of his death.

SPORTING NEWS OF THE DAY

YACHT CLUB ACTIVITY

Members Will Not Neglect Interstate Regatta at Minnetonka.

New Class of Cat Boat Adopted by the Association.

Though the Nutting cup races, in which the yacht "Duluth," now building, will be entered at Chicago next fall, will hold the principal interest for the members of the Duluth Yacht club, they will not entirely overlook the regatta of the Interstate Yachting association, which will be held on Lake Minnetonka, beginning Aug. 17.

The Duluth Yacht club received membership in the Interstate Yachting association only this year and the members are intent on making a good showing in the first regatta, in which they enter. Duluth has a fine fleet of 22-footers, which made an excellent showing against the crack yachts of the Minnetonka and White Bear clubs in the head of the Lakes regatta here last fall.

At the meeting of the Interstate Yachting association at Oshkosh last week, an important action was the adoption of a rule providing for an entirely new class of boats. It will be known as Class C and the restrictions are as follows: It must be a cat-boat, length over all, 20 feet, 225 square feet of sail, center board and a sharp bow. The last two provisions will do away with the old scow-shaped cat and tend to make a stancher boat, which may be more safely handled.

After the present spell of unseasonable weather blows over, the members of the yacht club will begin to get busy fitting out their craft for the summer season. About the middle of May they will get out on the bay for the practice sails and the regular weekly races will be started about the first of June. Yachting was more popular last year than ever before in the history of the club and the organization enjoyed a big boost in membership. The dance pavilion added to the enjoyable features of the club and it will be a strong card during the coming season.

BASEBALL AT CROOKSTON.

Commercial League is Organized With Six Clubs.

Crookston, Minn., April 23.—(Special to The Herald.)—The Crookston Commercial Baseball league was organized last evening at Co. I Armory, by the election of T. R. Brown, president; C. H. Zealand, secretary; W. E. Handy, treasurer. The teams entered are the Great Northern, Belle's Co. L. Press and High School. A board of trustees to have full charge of all finances was elected, consisting of James E. Morrissey, Graham Munch and W. E. Handy. Reports on no ground stand will be made costing \$500, and the season will open as soon as the schedule committee makes a report and the ground are in condition.

JIM WIGGS OUT FOREVER.

National Commission Refuses to Re-instate Former Toledo Pitcher.

Cincinnati, Ohio, April 23.—The National Baseball commission yesterday denied the application of player James A. Wiggs for reinstatement. Wiggs, formerly of the Cincinnati Reds, was declared ineligible for the Toledo club of the American association, the club with which he last violated a contract, without any premeditation. The commission says no application from this player will be considered in the future.

STICKS FOR BIG PURSE

Tommy Burns Wants \$30,000 for Fight With Jack Johnson.

Heavyweight Champion May Come to Terms With Negro.

London, April 23.—After Jack Johnson, the colored heavyweight pugilist, accompanied by his manager, Fitzpatrick, arrived here from New York last evening, they immediately visited the National Sporting club and the sporting newspapers and issued a challenge to Tommy Burns, the heavyweight champion, to fight anywhere for any purse acceptable to Burns. Johnson went further than this and offered to bet Burns \$2,500 that he will stop him in twenty rounds. In addition he will concede Burns two-thirds of any purse that is put up for the contest.

These terms cannot be published in England, as the law of the country prohibits anything but boxing contests limited to twenty rounds. Burns has been holding out in the negotiation for the Johnson contest for a sum, win, lose or draw, larger than any syndicate has yet appeared willing to offer. Johnson appears anxious to meet Burns, but there has been so much cross-firing that it seems doubtful if the two men come together in England. There is a possibility, however, that a club, that has just been organized in Paris, may raise sufficient money to induce Burns to go into the ring with the colored heavyweight.

Burns also visited the National Sporting club last evening but did not meet Johnson. Burns forestalled the latter by depositing \$25,000 with a sporting newspaper for a meeting with the negro.

Burns insists that he must have \$30,000 as his share of the purse, but Johnson can arrange the side bet to suit himself. In the opinion of Burns, as expressed last night, a fight between him and Johnson is now bound to occur, but whether in England or in America depends upon the purse.

New York, April 23.—(Special to The Herald.)—Tom McCune of Detroit, Mich., and Walter Whitehead of Duluth fought the first round to a draw here last night and gave the crowd the best exhibition of boxing ever seen in Duluth.

Whitehead had the advantage of the early rounds. In the opening session, he slipped over a left to McCune's jaw and the Detroit veteran went to the floor for the count of five. He arose, however, and continued to fight. He gradually recovered and had such an advantage over Whitehead in the later rounds that he earned the draw decision. The knock-down in the first was the only one of the fight.

The decision of the referee pleased the large crowd.

KING OF SWEDEN EN ROUTE TO RUSSIA TO ATTEND WEDDING

His Son Wilhelm to marry Grand Duchess Marie Pavlovna,

The Ceremony Will Occur Next Week at Tsarkoe-Selo.

Festivities Will Begin Friday With State Dinner to King.

St. Petersburg, April 29.—The preparations for the wedding, at Tsarkoe-Selo next week, of Prince Wilhelm of Sweden and Grand Duchess Marie Pavlovna, a daughter of Grand Duke Paul Alexandrovitch, are practically complete. The king of Sweden, who is coming to attend the wedding, is due to arrive at Revel tomorrow, escorted by a Swedish squadron. He will be met at Revel by Grand Duke Michael Alexandrovitch, a brother of Emperor Nicholas; the Swedish minister to Russia, M. Brandstrom; Vice Admiral Douhasoff, Prince Paul Dolgorouki, grand marshal of the court, and other Russian officials, who will attend upon him during his stay in Russia.

The wedding festivities will begin May 1 with a state dinner to King Gustaf, at Tsarkoe-Selo. The wedding will occur at 3 o'clock Sunday afternoon. The ceremony of the orthodox church will be followed by the Lutheran ceremony. After this there

BURGLARS ROB SCANDIA BANK AT STEPHEN, MINN., SECURING ABOUT \$8,000

At Least Six Men in Gang Who Dynamite Vault in Professional Manner.

Merchant Opens Fire on the Burglars and Succeeds in Wounding One.

Crookston, Minn., April 29.—(Special to The Herald.)—The people of Stephen were terrorized at 2:30 o'clock this morning, when a gang of robbers dynamited the Scandia bank of Stephen, and shot up the town generally. About \$8,000 was secured in currency, but the papers were not disturbed. There were at least six men in the gang, and the front door of the bank was forced by crowbars. The explosion, when the vault door was dynamited, awakened Mr. Merdink, a merchant, who resides in a building adjoining the bank. Others were aroused by the second explosion.

Merdink got on the roof, and when the robbers left the bank opened fire, sending fifteen bullets after them, the robbers returning a fusillade of shots. At least one robber was injured as blood stains were found. No one else had a gun to assist Merdink.

The band separated, three heading towards Strandquist and two others taking their wounded pal to Al Dickerson's barn, where a horse and buggy were stolen.

The whole town was aroused in a few minutes, and all the surrounding towns notified. It is believed two of the robbers have been located at Strandquist.

The vault and safe were completely wrecked, the job evidently being done by professionals. The buggy could not be tracked out of the city, but the wounded man will be easily identified. The gang is supposed to be the same as that operated so extensively and successfully in this section last fall.

WITH ONE EXCEPTION.

Administration of Roosevelt is Indorsed by Mississippians.

Indianola, Miss., April 29.—Besides indorsing the present national administration, except for the action of President Roosevelt with regard to the Brownsville affair, the third congressional district Republican convention, which met here yesterday, approved the candidacy of Senator Foraker for the presidency and the delegates selected to represent the district at the Chicago convention, George W. Butler of Aquilla and John W. Strauther of Greenville were instructed for him.

Presidential electors are S. H. Highland of Pitters and G. W. Cole of Clarksville.

BELTRAMI COUNTY STATE LANDS ARE APPRAISED.

Benidit, Minn., April 29.—(Special to The Herald.)—J. H. Beagle, of Duluth, Nels Osterstad of Turtle River and Alex Cameron of this city, have appraised the state lands that will be sold at public auction in this city in July.

Already hundreds of inquiries have been received by the secretary of the Benidit Commercial club requesting information concerning these lands which will be sold in this city in July.

Crookston, Minn., April 29.—Dr. Roger Norman of Greenbush, Minn., and formerly of Haledad, Norman county, has drawn No. 36 in the drawings of government land in Wyoming May 1 next, and was offered \$5,000 for his chance. He refused it.

CONSPIRACY IS CHARGED

Former Chief and Police Attorney of Chicago on Trial.

Animosity of an Old Political Fight Will be Reopened.

Chicago, April 29.—The trial of John M. Collins, former chief of police, and Frank D. Comerford, former police attorney, during the administration of Mayor Dunne, on the charge of using the police force in politics, commenced today in the criminal court, before Judge Chetlain.

The specific charge in the indictment is that the two defendants conspired to defraud the city of the services of its paid employees by causing policemen to engage in political work against Fred Busse, the present mayor, and in favor of Dunne. Comerford and Collins were indicted on this charge.

SULTAN HAFID SUFFERS DEFEAT

Flees to Tadla and Takes Refuge With Bendaoud Tribe.

Rabat, Morocco, April 29.—Mouli Hafid, the so-called sultan of the South, is reported here to have suffered a disaster and to have fled to Tadla, a town 125 miles southwest of Fez, where he has taken refuge with the Sidi Bendaoud tribe. The news of his reverse was followed immediately by the departure for Fez of Sultan Abd-El-Aziz' army, 5,000 strong, with five cannon under the command of General Hagiani, chief of the sultan's army. Two French and some Algerian officers accompany General Hagiani.

CAUGHT SHORT ON MARKET, BROKER SHOTS HIMSELF

MARRIED ELSEWHERE WHILE GUESTS WAITED

St. Paul, April 29.—(Special to The Herald.)—Married a few hours sooner than he had planned, and in Minneapolis at that, was the peculiar experience of August Johnson, a young lumberman, of Tripoli, Wis. The wedding was to have taken place at the residence of Frank Marble, 7 Jessamine street, St. Paul, and instead was solemnized at the home of Mrs. C. G. Johnson, 1609 Fourth street, northeast, Minneapolis.

His intended wife, Tillie Hollstrand, held a captive at the Minneapolis house, and with the minister, wedding supper and guests waiting at the St. Paul home of his cousin, Johnson was compelled to capitulate, and accept the alternative offered by the Minneapolis jokers.

After making all arrangements for his wedding in the Sainly City, Johnson, when he went after his bride, was coolly informed that the only way he could get her was to take her away as his wife.

He argued, but in vain, and finally capitulated. A minister was summoned, the two married, and then the husband hurried back to St. Paul, where guests, minister and all in waiting were told of what had happened and were dismissed.

A theater party and a supper at a Minneapolis hotel concluded the affair.

Had Been Speculating Heavily of Late in Stock Exchange.

Firm of Coster, Knapp & Co. Announces Its Suspension.

New York, April 29.—Following the suicide last night of Charles Coster, a prominent broker and society man, the stock exchange firm of Coster, Knapp & Co., of which Mr. Coster was a member, announced its suspension today on the floor of the New York exchange. The firm was a prominent one and had done an extensive business. In an announcement given out at the time of the suspension, it was said that the action was directly due to the death of Mr. Coster. A formal statement, issued by a member of the firm, said:

"Owing to the death of Mr. Coster, and the consequent condition of the firm's affairs, it has been deemed advisable to make a general assignment for the benefit of all creditors. This step was taken at the suggestion of most of the creditors, and Mr. Werner of the law firm of Simpson, Werner & Cardosa, the assignee has already started in to straighten out accounts."

GOVERNOR JOHNSON HAS NO RELATIONS WHATEVER WITH THE NEW YORKERS

Minnesota's Executive Makes Positive and Unqualified Statement.

Entertained at Detroit by Governor Warner and Other Prominent Men.

Detroit, Mich., April 29.—Governor Johnson of Minnesota arrived here at 7:50 o'clock this morning from the upper peninsula to begin a strenuous program of entertainment, which does not end until after a banquet, which will be tendered him tonight, when he has concluded his lecture before the Alumni association of the Western high school, the particular object of his visit.

Mayor William B. Thompson and a committee of thirty prominent men met Governor Johnson at the Michigan Central station and escorted him to the Hotel Pontchartrain for breakfast. An hour's informal chat with various persons followed.

Then Governor Fred M. Warner, the Republican governor of Michigan, joined the party, and the two governors spent the morning in an automobile drive about the city, escorted by Mayor Thompson and the local reception committee. At noon Governor Johnson was entertained at luncheon by the Wholesalers' association, and made a short address.

The raw cold wind early in the day made Governor Johnson dubious about accepting the invitation to this afternoon's ball game at Bennett park. During an interview on his candidacy and the issues of the coming campaign, Governor Johnson said:

"New York has no connection with my candidacy. My support will have to come from another direction than Wall street. I may say that I have had no relations, politically or otherwise, with the other side of the Hudson. I have had absolutely nothing to do with Tammany or Murphy. Mr. Bryan and I are good friends. I am not in a fight for the purpose of defeating Mr. Bryan."

"The tariff is the big issue in the coming campaign. The others are subordinate to that. I believe in the legitimate combination of capital and labor, and do not believe in the destruction of the corporation system. I do not believe in government ownership of railroads. I do believe in government regulation, but not ownership."

DETAINED AT QUARANTINE

Two Women From Ireland Held at Request of Constabulary.

New York, April 29.—The Cunard line steamer Campania, which arrived today from Queenstown, was detained at the quarantine station until detectives from this city, at the request of the Royal Irish constabulary, found and questioned Mrs. Margaret Clary and Mrs. Catherine Bowen of Claremorris, county Mayo, Ireland, the constabulary, in a cabled message to the New York police, requested the detention of the two women, and stated that Mrs. Clary's husband, a farmer, had died of poisoning since the two women sailed from Ireland.

Mrs. Clary was questioned concerning the death of her husband. She declared that he was in good health when she left him. She came to visit a brother in Brooklyn, she said, and her mother and husband were to have followed. When she was informed of the action of the constabulary, she insisted upon her right to land and was taken with Mrs. Bowen by the immigration authorities to Ellis Island, still under the surveillance of the detectives.

CUT INTO LOTS.

Old St. Louis Fair Grounds to be Used for Residences.

St. Louis, April 29.—The old St. Louis fair grounds, at Grand avenue and Natural Bridge road, which have been practically abandoned since the abolition of race track gambling in Missouri will be divided into building lots as the result of a real estate deal yesterday. The fair grounds, comprising 167 acres were traded by a syndicate, composed of Louis A. Cella, the foreman and others as part payment for the fifteen-story Missouri National Trust building, at Sever and Olive streets. The price of the building was \$1,650,000 and the fair grounds represented \$1,000,000 in the deal.

PUND FOR CREW'S FAMILIES.

London, April 29.—The American line has subscribed \$2,500 to the relief fund for the families of the crew of the cruiser Gladiator, who lost their lives in the collision with the steamer St. Paul, last Saturday.

BUILDINGS BURN.

Fire of Unknown Origin Damages Jamestown Exposition Grounds.

Norfolk, Va., April 29.—Fire of an unknown origin on the Jamestown exposition grounds, late last night, destroyed the several colonial buildings making up the Arts and Crafts village, "Ye Olde Tyme Tavern" and the Philippine reservation, and was checked within fifty feet of the large state exhibit palace. The Michigan building was considerably scorched, but not seriously damaged. The financial loss is not great, as the buildings were of inexpensive construction.

QUAKERS FOR KNOX

Pennsylvania Republicans Indorse Him for President.

Harrisburg, Pa., April 29.—The Republican state convention met here today to name one candidate for judge of the superior court, four delegates-at-large, and four alternates to the national convention at Chicago, and thirty-four presidential electors.

The boomers of Senator Knox for the presidential nomination, led by Congressman James F. Burke of Pittsburg, were much in evidence. State Senator Joseph A. Langstaff of Pittsburg was chosen temporary chairman. The convention burst into cheers when he, in a brief speech, mentioned the name of Philander C. Knox as the favorite son of Pennsylvania in the presidential race.

The platform commends the wise and courageous administration of President Roosevelt; congratulates the president on the decisions of the courts that the power of congress over interstate commerce is supreme; records confidence in the policy of proceeding step by step to test the scope of existing legislation and obtain remedial legislation and expresses pride in this great work of the Roosevelt administration by reason of the intimate relation borne to its origin and its completion by Philander Chase Knox both as attorney general and as a senator of the United States.

The platform recognizes the general demand for a review by the incoming congress of legislation now in force to the end that such modifications may be made therein as will adapt it to the necessities and equitable demands of the present time and such manner as will best subserve the real welfare of the American people. Such changes should be made by the party which has preserved the vitalizing policy of real protection. The plank indorsing Senator Knox for the presidential nomination eulogizes his labors in the cabinet, court and senate and instructs the delegates to work and vote for him "until he becomes the chosen candidate of the national convention for the president of the United States."

The platform favors an elastic currency that will be at all times worth its face value, advocates the improvement of waterways and harbors, recommends that the next legislature elect United States Senator Penrose, approves the course of Pennsylvania's members in congress, commends the state administration and favors increased appropriations for good roads.

ENGAGEMENT OF REID'S DAUGHTER

To Brother of the Earl of Dudley is Announced.

London, April 29.—The engagement of Miss Jean Reid, daughter of Whitehall Road, the American ambassador, to the Hon. John Hubert Ward, brother of the earl of Dudley, was announced today by Mr. and Mrs. Reid.

The announcement does not come as a surprise to London society, where the attachment of the young people has been well known for some time past to a large number of their friends.

Mr. Ward is a favorite with King Edward, to whom he is a quarry-in-waiting. He is popular at court and in the exclusive social set and is well known as a racing man and enthusiastic sportsman.

KISER GUILTY.

Jury Returns Verdict of Second Degree Murder in Dynamite Case.

Boulder, Colo., April 29.—The second trial of F. P. Kiser for murder growing out of the destruction of the Colorado & Southern station here by fire and dynamite during the switchmen's strike, in which several people were killed, ended yesterday when the jury returned a verdict of second degree murder. The minimum penalty is ten years in the penitentiary. Fifteen days were allowed for appeal before sentence is imposed. The first trial resulted in a disagreement of the jury. Kiser is the second person to be convicted of this charge.

A Simple Test Which Any Reader of this Paper May Try.

Do you know whether you are inclined to, or have kidney trouble? Have you ever tried the simple test of setting aside your urine in a bottle or vessel for twenty-four hours?

A sediment or settling in the urine indicates a diseased condition.

Science has today furnished proofs that all the purifying that your blood needs; in fact, all that can be done, must be done by your kidneys.

They are the most important organs because they filter and purify the blood.

The kidneys strain or filter out the impurities in the blood—that is their work.

When your blood is impure, nothing can purify it but your kidneys.

To overcome these troubles take Dr. Kilmor's Swamp-Root, the world-famous kidney remedy. In taking Swamp-Root you afford natural help to Nature, for Swamp-Root is the most perfect healer and gentle aid to the kidneys that has yet been discovered.

If you mention our paper and write Dr. Kilmor & Co., Binghamton, N. Y., for a sample bottle, they will send it free by mail—it will convince any one. You will also receive a booklet of valuable information, telling all about the kidneys.

WILD BEASTS THAT HUNT.

From time immemorial man has trained and utilized domestic animals to help him to hunt and capture other animals, but you have to go to the Far East to see wild and savage beasts of prey broken in to such a purpose. So writes Captain Francis Chatter in the Technical World Magazine. It must be remembered, that, however much you tame a wild beast, he always remains wild, and his savage instincts are likely to break through the thin veneer of training and bring him up by which they are kept in subjection.

Some years ago, when traveling through the independent state of Gujarat, in India, I visited Baruch, the capital, where the Maharajah keeps quite a menagerie of wild beasts in various cages or paddocks. On special occasions sports are held in a vast arena, where they have elephants or tigers, and all manner of wild beasts fight with one another. I attended one of these sports, and it was there that I saw a pair of panthers being led on chains like dogs. Now, of all animals of the feline tribe, none are so dangerous or treacherous as the panther. He is very much more formidable than the tiger, for he has the cunning of the fox added to the ferocity of the tiger, and he is not a little surprised on being told that the panthers were trained to hunt deer out on the vast plains which surround the city.

This is not one of the days you can afford to "skip all of the ads."

CONDITION IS PITABLE

Fanatic Who Killed Girl Thinks He is to be Crucified.

Pennsylvania Man Has Several Fits in His Cell.

Easton, Pa., April 29.—Coroner Featherolf at Nazareth, near here, this afternoon began an inquest into the death of Irene May Smith, the 5-year-old daughter of Mr. and Mrs. Henry Smith of Alliance, who was offered as a sacrifice by her parents and uncle, members of a fanatic religious sect. The Smiths and Bachman, who is an uncle of the child, and who killed her during his frenzy, are in jail. Bachman insists that the child was possessed of the devil, and that he killed her by command from Heaven. He maintains he did no wrong and God will protect him. He cries out from his cell that he is to be crucified and pleads with the jailer to hurry the execution that he may appear before the throne of God, who sent him to earth to perform a great mission for the salvation of mankind. Smith is in a pitiable condition both mentally and physically. Today he was seized with several fits.

COPPERS FIRM AT THE CLOSE

Part of the Day's Advance is Lost, However.

The copper stock market, with North Butte and Anaconda in the lead, had another good bulge advance today. Prices went more than a point and a half above the opening, and while selling during the last hour caused depression, the close was better than yesterday's.

North Butte opened at \$58, advanced to \$59.50 and closed at \$59.75 bid and \$60.00 asked. Anaconda opened at \$60, advanced to \$61.75 and closed at \$61.75 bid.

Greene-Cannara opened at \$8.12 1/2, advanced to \$8.37 1/2 and closed at \$8.37 1/2 bid and \$8.37 1/2 asked. Butte Coalition opened at \$21.75, advanced to \$23.25 and closed at \$23.25 bid and \$23.50 asked. Calumet & Arizona opened at \$102, advanced to \$105 and closed at \$102 bid and \$104 asked. Amconco opened at \$63.50, advanced to \$69.50 and closed at \$69.50 bid and \$69.50 asked.

Superior & Pittsburg sold at \$12.37 1/2, declined to \$12.25, rallied to \$12.50 and closed at \$12.50 bid and \$12.50 asked. Denn-Arizona sold at \$2.75 and \$2.82 1/2 asked. Globe at \$5.62 1/2 and \$5.62 1/2 asked. Butte & Superior at \$1 and \$1.12 1/2 asked. Copper Queen at \$1.12 1/2 and \$1.12 1/2 asked. Idaho at \$1.12 1/2 and \$1.12 1/2 asked. The directors of Hancock Consolidated have declared an assessment of \$1.00 payable in three installments. Quite a little of the stock is held here. It closed today at \$4 bid and \$4.50 asked.

TRAIN ENTERS FORT FRANCES

Party From Duluth and Twin Cities in Canadian City.

Fort Frances, Ont., April 29.—The first train to enter this town over the Duluth, Rainy Lake & Winnipeg railway pulled into the Canadian Northern station last evening. On board was a party of prominent citizens of Duluth and the Twin Cities and Virginia, Minn. The coming of this train was made possible by completion of a bridge over the Rainy river between Rainier on the American side and Pithers Point. This bridge was built jointly by the Duluth, Rainy Lake & Winnipeg railway and Canadian Northern railway. It forms a link which unites the Canadian West with the South and East over a new route which has several distinctive features.

The entrance of this train is considered as marking an epoch in the commercial development of country connecting the Duluth, Rainy Lake & Winnipeg railway with the Canadian Northern, and opening up a direct way of steel from Winnipeg to Duluth and from there to the East. The occasion was fittingly observed by a banquet here last night which lasted until early this morning, at which prominent officials of the Minnesota & International railway and the Winnipeg Duluth railway were present. The new line is fifty-six miles shorter to Duluth and seventy miles shorter to Chicago than other routes, which are forty-eight hours from Winnipeg to New York.

USED ENGINE TO CATCH MAN

Minneapolis, April 29.—(Special to The Herald)—A big switch engine, awaiting orders in the St. Paul road yards was today pressed into service by Patrolman Devitt, who used to it to overtake John Fisher, who shot and seriously wounded his wife in her home, 91 Cedar avenue, and then dashed down the track toward the city limits.

Devitt was not warned of the attempt to let the engine pass. As he did so, he saw the fugitive running and stumbling along the tracks, trying to make his way to a cross street and another pursuer. Devitt sprang to the cab of the locomotive and told the engineer to go ahead and catch the fleeing man. Fisher, nearly exhausted from his dash, suspected no trouble from the trainmen and stopped to let the engine pass. As he did so, Devitt dropped from the step and grasped him by the collar, pulling him up at the South Side station, where he admitted the shooting, but declined to explain.

"Correct Dress for Women."

WOMEN'S WEARABLES

MODERATELY PRICED—BUT NOT CHEAP

While "quality" is our hobby, yet it is as much our aim to satisfy the woman whose resources compel her to utilize the full purchasing power of every dollar, as to please the woman who follows every vagary of fickle fashion. In order that the varied tastes of women in all circumstances may be gratified, we aim to carry a variety which will include everything that the heart of woman desires.

Suits at \$25 and Less

A variety of models such as modified Prince Chaps, three and four-button cut-aways, and models with the new fancy-cut coat hem. Lined with plain or fancy taffetas and finished with little niceties of tailor skill, such as fancy cut pockets, breast pockets, neatly finished lapels and pocket flaps. Some have the edges bound with military braid or other little dabs of nobility.

Suits at \$35 to \$39.50

These prices hit the "medium" between the expensive and the high-priced suits. Therefore, we have made them embrace a more varied collection than any other two individual prices. There are the "strictly tailored" and fancy cuts, in practically all of the desirable materials, while the styles are practical, smart and pleasing. The line should be seen to be appreciated.

Simple Life.

Chicago News: "I don't care nothing about style," observed the man with the tobacco-stained beard, the perfect stranger, who sat opposite to him at the table. "Because I drop a fork on the floor ain't no sign that it's a sign to poison me. It's all poppycock brought up and one. After the tip, that's what he is."

"It's quite simple matter to wipe it off," observed the perfect stranger.

"Sure—if you want to," said the tobacco-stained man. "When I come into a restaurant I come for something to eat."

"It's a simple matter," said the perfect stranger.

"You bet your life it is," said the tobacco-stained man. "There's some, though, that seem to want style. They don't care nothing about so long as the dishes is all right. My wife's that way, but I ain't. She's a holy terror for style."

"Indeed," said the perfect stranger.

"You bet you," said the tobacco-stained man. "That's where her an' me disagree. You can give me my chuck on a tin plate if you want to. I tell her, 'I'll eat my grub with a steel-bladed knife as a silver-plated one with a pearl handle, so long as the grub's what I want.'"

"You ought to be," said the perfect stranger.

"I believe in solid comfort, and I believe in common sense an' that's what I want in my grub. My wife don't care for style. She wants to be stylish, but she wants me to be. I tell her that's all right, but if she works on me from now to Reuben she won't get no different to what I am."

"You can't make a silk—Ahem!"

"What's that?"

"It would seem to be a little too much to expect."

"Clothes," resumed the man with the tobacco-stained beard. "There's clothes. What do I want of stylish clothes? I wear clothes to keep me warm, don't I? Ain't that what clothes are for? I don't care if they ain't the latest cut as long as they're warm an' comfortable."

"If you had a perfect covering of bristles you wouldn't want any, would you?"

"What's that?"

"EASY READING."

Max Goldberger, author of "The Land of Unlimited Possibility," is a firm believer in America's future, and has molded all of his during his visit here, said a Milwaukee banker. "At a dinner that I gave him he expressed the greatest confidence in our financial, social and political stability. He said that everything pointed upward, and the signs of prosperity were as easy to read in America as the signs of something else were easy to read in Heinz Wierschitzel."

"Heinz Wierschitzel," he explained with a smile, was awakened by his wife in the dead of night.

"Heinz! Heinz!" she whimpered, "wake up. There's a burglar downstairs. I hear him."

"Heinz was out of bed in an instant."

"Hiss!" he said.

"And slipping on shoes and trousers, he stole softly from the room."

"Some time passed. The wife, listening intently, heard nothing. Anxiously overcame her at last. She crept to the stairway, leaned over the balustrade, and called:

"Heinz!"

"What's that?"

"What on earth is it?" her husband's voice replied. It came not from below, but from above.

"What on earth," said Mrs. Wierschitzel, "are you doing in the attic?"

"Why," said Heinz, "didn't you say the burglar was downstairs?"

"You bet your life it is," said the tobacco-stained man. "There's some, though, that seem to want style. They don't care nothing about so long as the dishes is all right. My wife's that way, but I ain't. She's a holy terror for style."

"Indeed," said the perfect stranger.

"You bet you," said the tobacco-stained man. "That's where her an' me disagree. You can give me my chuck on a tin plate if you want to. I tell her, 'I'll eat my grub with a steel-bladed knife as a silver-plated one with a pearl handle, so long as the grub's what I want.'"

"You ought to be," said the perfect stranger.

"I believe in solid comfort, and I believe in common sense an' that's what I want in my grub. My wife don't care for style. She wants to be stylish, but she wants me to be. I tell her that's all right, but if she works on me from now to Reuben she won't get no different to what I am."

"You can't make a silk—Ahem!"

"What's that?"

"It would seem to be a little too much to expect."

"Clothes," resumed the man with the tobacco-stained beard. "There's clothes. What do I want of stylish clothes? I wear clothes to keep me warm, don't I? Ain't that what clothes are for? I don't care if they ain't the latest cut as long as they're warm an' comfortable."

"If you had a perfect covering of bristles you wouldn't want any, would you?"

"What's that?"

"EASY READING."

Max Goldberger, author of "The Land of Unlimited Possibility," is a firm believer in America's future, and has molded all of his during his visit here, said a Milwaukee banker. "At a dinner that I gave him he expressed the greatest confidence in our financial, social and political stability. He said that everything pointed upward, and the signs of prosperity were as easy to read in America as the signs of something else were easy to read in Heinz Wierschitzel."

"Heinz Wierschitzel," he explained with a smile, was awakened by his wife in the dead of night.

"Heinz! Heinz!" she whimpered, "wake up. There's a burglar downstairs. I hear him."

"Heinz was out of bed in an instant."

"Hiss!" he said.

"And slipping on shoes and trousers, he stole softly from the room."

"Some time passed. The wife, listening intently, heard nothing. Anxiously overcame her at last. She crept to the stairway, leaned over the balustrade, and called:

"Heinz!"

"What's that?"

"What on earth is it?" her husband's voice replied. It came not from below, but from above.

"What on earth," said Mrs. Wierschitzel, "are you doing in the attic?"

"Why," said Heinz, "didn't you say the burglar was downstairs?"

MALTED BARLEY is digested food. Hops are a tonic—also an aid to sleep. That's what you get in beer. That's why the doctor says "drink beer" when one lacks vitality.

Beer quiets the nerves, not because of the alcohol. There is only 3½ per cent. of that. But because of the hops, for hops are soporific.

A bottle of Schlitz at bedtime induces sleep.

In every way the drinking of beer is good for you, providing the beer is pure. It is only the wrong beer that leads to bad after effects and to biliousness.

Schlitz beer is pure. We spend more on purity than on all other costs of our brewing. Even the air that cools it is filtered. And every bottle is sterilized.

There is all the good of beer, and none of the harm, in Schlitz.

REPUBLICANS OF VERMONT

Expect to Have a Short
and Harmonious
Convention.

Burlington, Vt., April 28.—With the four leaders of the Vermont delegation to Chicago agreed upon, and with no definite contest over resolutions, nearly all the delegates to the Republican state convention, here today, seemed to anticipate harmonious action, although F. J. Haygood declared this forenoon, in the first district convention, requiring the delegates to Chicago, if feasible, to use every effort to obtain the renomination of President Roosevelt.

Mr. Haygood's plank was presented to the committee on resolutions last night, and was rejected. The committee

on resolutions held another meeting this morning for the purpose of submitting the platform to those of the committee who had not been able to attend the meeting last night. At the conclusion of the session it was announced that the report as finally drafted last night had been agreed upon. It was understood that no mention of presidential candidates would be made. A sub-committee was appointed to take charge of any resolutions which might be offered from the floor in favor of presidential candidates and instructed that it was to make no report unless a strongly partisan resolution should be advocated in which case the sub-committee was expected to frame a declaration recognizing the sentiment, but declaring that it should not in any way bind or limit the action of the delegates at Chicago.

JEROME ON THE GRILL
Charges of Neglect in Prosecuting Officials is Made.

New York, April 28.—The charge that District Attorney Jerome was derelict in prosecuting officials of the life insurance companies who made campaign contributions from the funds of the companies, was taken up today in the hearing before Commissioner Hand, on charges made against Mr. Jerome to Governor Hughes. In the case of George W. Perkins, formerly vice president of the New York Life Insurance company, who was arrested on a charge of having paid \$48,000 of the insurance company's funds to Cornelius N. Bliss of the National Republican committee, the King committee charged that Mr. Jerome based his charges on a letter written by Mr. Perkins.

When counsel for the complainants against Mr. Jerome today offered as evidence the testimony given by Mr. Perkins before the legislative committee, Mr. Jerome objected on the ground that the minutes of the evidence were inaccurate. The commissioner ruled that the minutes should be admitted. Mr. Jerome also objected to the reading of portions of the testimony bearing on the manner in which the campaign contributions were alleged to have been concealed in the company's books. He declared that Mr. Perkins had nothing to do with the bookkeeping and the actions were outlawed before he was made district attorney. All was admitted.

Counsel for the complainants called on Mr. Jerome for the evidence taken by the grand jury during the in-

surance investigation, but Mr. Jerome stated that no testimony in relation to insurance matters was spread on the minutes of any of the juries named by the counsel.

CANARIES STEAMSHIP PETS.
Boston Herald: Few and far between are the steamships entering a port of Boston that cannot boast of a canary. No matter how battered and rusty the craft may be one is pretty sure to find the canary somewhere in the rooms of the officers or crew. Its price, as a rule, is a wonderful creation of brass wire and lace, and the canary bird himself usually is a singer whose trill and whistle are of the best.

The little songsters appear to enjoy life on the ocean. Seidman are they inconvenienced by the motion of the vessel and the more the cage swings from its hook the more they warble. Sailors will tell you a canary is a mascot. Be that as it may the canaries are great pets. Frequently one may see a sailor on the water front juggling his bird and cage to some new berth.

EVIDENCE OF A TRUST

Shown in Letters From
Paper Mills Received
by Publishers.

New Association Formed
to Come Within Federal
Statutes.

Washington, April 28.—Upon resuming his testimony today before the select committee of the house on wood pulp and print paper, John Norris, business manager of the New York Times, furnished the committee with data showing that H. C. Craig & Co. controlled the output of seven independent mills. Until these mills were combined into one selling agency, Mr. Norris said there was no concentration of control of news print paper mills. Responding to a series of questions from Chairman Mann, Mr. Norris said that the mills controlled by Craig & Co. did not undertake to make sales independently.

"Is it your claim," Mr. Mann asked, "that all of these mills agree upon a price which H. C. Craig & Co. carry out, or after consulting with them, they decide upon the price which they carry out, so that there is no variation in price—no competition?"

The claim of the publishers, the witness replied, "is that in some way either by direction of Craig & Co., or by arrangement with them a common price is agreed upon among all the mills."

Indications of Trust.
Several original letters from publishers were put in evidence, giving indications of the existence of a "paper trust." One of these was written in November, 1907, by V. S. McClatchey, publisher of the Evening Bee, Sacramento, Cal., who spoke of a contract he had with the Willamette mill for paper at \$2.00 per hundred, but which price was raised to \$2.50 at the expiration of the contract. At the same time Mr. McClatchey said he had a bid from F. W. Leadbetter on behalf of the Columbia River Paper company, for \$2.25 f. o. b. Portland, which would mean \$2.50 at Sacramento, but that prior to the operation of the mill it was provided that the paper would be furnished by the Crown-Columbia mills.

"From those Crown-Columbia mills," Mr. McClatchey wrote, "we had at times been supplied with paper under the Willamette contract, as there was some sort of working agreement between the two." The result was, he said, that the Willamette people objected, and Mr. Leadbetter asked permission to fill his contract from Eastern mills, which was granted, and for some time he was supplied by the Rihmeland, Wis., mills. Mr. Leadbetter paying 10 cents per 100 more than his contract price.

"He was thus apparently disciplined," said Mr. McClatchey, "for having interfered to take from the Willamette a customer, whom they regarded as their own."

Would Not Make Quotations.
By way of fixing the date when the paper companies refused to make quotations, Mr. Norris placed in evidence a number of letters from paper manufacturers in response to requests for prices.

"Was that because they did not have any paper on hand to meet the demand of the newspapers?" Mr. Stafford inquired.

"It shows," replied Mr. Morris, "that in some way which we have not yet uncovered, it was part of a program by which they would not make quotations."

Most of the letters were dated June or July, 1907.

As a part of the foundation of the testimony with respect to combinations of the various groups of paper makers, Mr. Norris at this point put in evidence a list of officers and by-laws of the new sulphite pulp association, which were published Nov. 23, 1907. These by-laws provided for the tabulation of a monthly confidential report on tonnage, agreed prices, names of buyers, terms of contracts, etc. The association, he said, had been in the habit of holding meetings at the Hotel Astor, New York, at which prices were fixed.

To Come Within Statutes.

"These new by-laws," said Mr. Norris, "were devised, so we charge and expect to prove, immediately following the completion of the publishers, and in order that this association might come within the federal statutes."

Responding to a question by Mr. Mann, Mr. Norris said he did not follow the completion of the sulphite pulp was made by news print paper manufacturers for themselves. He thought, however, that most of the news print manufacturers did make their own sulphite pulp.

"Our contention is," said he, "that to the extent that the Sulphite Pulp association fixed the price for the market it did affect the cost of material entering into news print paper."

The witness was unable to state the amount of sulphite pulp manufactured in Canada.

When at 11:30 o'clock three bells announced that there was no quorum in the house, Mr. Mann remarked: "Well, Mr. Norris, you may suspend. We are again interrupted in the midst of the hearing by the demand in the house for the senseless roll call. We are required to go over to the capitol all of us, in order to make a quorum." A recess thereupon was taken until 2 o'clock.

WOUND ONLY A SCRATCH

Patrick Murphy Not Murdered, But Died of Heart Failure.

Autopsy Held Over Body of Man Found in Woods.

Dr. C. W. Taylor, who held an autopsy over the body of Patrick Murphy, the man who was found dead in the woods near Drummond, Minn., says that death was due to heart failure. A stick or branch of tree had deeply scratched Murphy behind the ear, and the scratch bled freely, giving rise to the suspicion that there might have been foul play.

The body was brought to Duluth yesterday and taken to the undertaking rooms of Flood & Horgan. Murphy, 69 years of age, was camp foreman at Drummond. He had two sons and a daughter living in Duluth.

A party of men going to work found the body of the foreman in the woods last Saturday morning. He had disappeared Thursday night, after announcing that he was going to start on a cruise. His body was found lying in a logging road. There was a wound

in the side of his head, and this lead the authorities of Lake county to suspect that he met with foul play. Murphy had to have been in good health up to the time of his death.

Mrs. Woods of Lakewood and Claude Murphy of Duluth are two children of the deceased.

He Got What He Needed.

"Nine years ago it looked as if my time had come," says Mr. C. Farthing of Mill Creek, Ind. "I was so run down that I was lying on a very slender thread. It was then my druggist recommended Electric Bitters. I bought a bottle and I got what I needed—strength. I had one foot in the grave, but Electric Bitters put it back on the turf again, and I've been well ever since." Sold under guarantee at all drug stores.

Passengers from Lutzen, on the north shore, who reached the city this morning on the steamer Moore, from Port Arthur, report the drowning in Poplar river, last Sunday afternoon, of Caleb Carlson, an unmarried man about 25 years old. Carlson was crossing the stream on horseback. The recent heavy rains had converted the stream into a torrent. The current swept him off, and he was drowned before assistance could be rendered. The accident happened near Lutzen.

George Oss Claims Mrs. Tufte Repudiated Her Agreement.

George O. Oss has instituted a suit in the district court against Mrs. Carrie Tufte of this city, to recover \$250 alleged to be due him as a commission for making a sale of real estate for the defendant. Mr. Oss claims that there was an agreement between himself and Mrs. Tufte whereby he was to find a purchaser for the residence property known as 227 East Superior street, at \$200, on which sale he was to get the regular 5 per cent commission paid real estate brokers. It is alleged that Mr. Oss found a purchaser in the person of R. G. Johnson, but that Mrs. Tufte refused to live up to her contract as regards the commission. Miller & Clapp represent Mr. Oss.

SEAT SALE HEAVY.
Great Interest Shown in the Svea Normanna Singing Contest.

The seat sale for the fifth annual singing contest between the Svea Glee club and the Normanna Singing society opened this morning, and judging from the rush for seats, standing room will be the only thing left by tomorrow night.

Interest in the competition this year is very keen, and bets are being freely made on the outcome. There is great rivalry between the two societies, and

their supporters will be out in force on Sunday.

ELECT LIEUTENANT.
Robert K. Lee Will Succeed Harry Whittaker in Company A.

Company A held an election last evening for the purpose of choosing a successor to Lieut. Harry B. Whittaker, who has resigned, having left the city.

Robert K. Lee, formerly second lieutenant, was chosen to succeed Whittaker as first lieutenant, and Walter Dash, formerly first sergeant, was chosen as second lieutenant. A new first sergeant will be chosen by Capt. Franklin.

COL. WILKINSON LEAVES.
Will Visit Governor Johnson on Way to Atlantic City.

Col. Tom Wilkinson of New York and Atlantic City has just concluded a successful sale for the Nippon Art company of Japan, selling at auction the entire Japanese exhibit as shown at the Jamestown Exhibition, at their store rooms on West Superior street.

The colonel is an old Duluth boy, having lived here thirty years ago, and his first visit was made here over forty years ago, when his father and he came overland in a wagon. Col. Wilkinson has had the pleasure of meeting many old time

friends and made many new ones while in the city.

The colonel is a strong Tammany Hall Democrat and one of the original Governor Johnson advocates of the East. He is interested in the state's made in an interview published in The Herald last January, when Governor Johnson would be nominated in Denver and elected president in November.

Col. and Mrs. Wilkinson have made the Spaulding hotel their home during their stay here. They leave Sunday for their Atlantic City home, after visiting Governor Johnson at St. Paul.

OUTINGS FOR
Y. M. C. A. BOYS
Several Enjoyable Trips
Planned for Summer
by Committee.

The outing committee of the boys' department of the Y. M. C. A. met for dinner and business at the club rooms last evening. The following members were present: Harvard Bockwell, Ed Quigley, Alphonse Walter, Ed Nolte, Lawrence Morrison, Earl Bradley, Albert Olson, N. D. McLeod. The committee has arranged a program of outings for the summer. The first outing will be on Monday, May 25, and the committee will call on owners of machines to loan for that occasion. Following the ride, refreshments will be served. The auto ride next year will be the most enjoyable trip of the year and the committee will endeavor to get more autos so that all the members will have an opportunity to ride.

The big event of the season, however, will be the boys' summer camp at Deer Island, Minn. The season will run from June 1 to July 15. This is the eleventh season for the camp and it always proves a very popular and profitable vacation to all who attend.

Madison, Wis., April 29.—That Benjamin Franklin's lightning rod will save the state from enormous losses by fire during electric storms this summer is the prediction of State Fire Marshal T. M. Purcell, in a bulletin.

With the loss of the state's property to the extent of \$10,000,000, says the bulletin, the fire marshal says the naval authorities at Washington are using the lightning rod to protect all the buildings of the navy.

He declares the "time is coming when buildings provided with a proved protection will be insured at a lower rate than similar buildings not protected by lightning rods."

BABY SWALLOW'S DOMINO.

East Grand Forks Child is Nearly Choked.

East Grand Forks, Minn., April 29.—(Special to The Herald.)—Ellis, the little son of Mr. and Mrs. Galusha Purcell, barely escaped choking to death Sunday.

The little boy was laying on the lounge playing with dominos, putting several in his mouth. Mrs. Purcell was called to another room, and when she returned she found the child choking. She put her hand in the baby's mouth and extracted two dominos. Just then the baby was relieved by being able to swallow and as one of the dominos was missing, it is feared that the baby swallowed it. Mr. Purcell will have an examination made to prevent anything serious which might result.

The fellow made a bet of \$1 with a friend that he had the nerve to jump from the second story window to the ground, a distance of less than twenty feet. He won the \$1, but he will be confined to the hospital for several weeks as a result of the injury received in making the leap.

RETURNS TO IRONWOOD.
Former Superintendent Wright
Will Go Back to His Old Job.

Marquette, Mich., April 29.—(Special to The Herald.)—Prof. L. L. Wright, at present of Lansing, has been elected superintendent of the public schools at Ironwood, and has accepted the position.

His salary will be \$2,500 per annum. Mr. Wright formerly held the post for many years, resigning a year ago last fall, when chosen state superintendent of public instruction on the Republican ticket. This latter position pays only \$1,000 a year. It is understood, and Mr. Wright feels impelled to relinquish the place. He was offered the superintendency of the Marquette schools, but had already arranged to return to Ironwood.

LIVED ABOVE INCOME.
Coal Cashier Could Not Do It, and is
Wanted for Embezzling.

St. Paul, April 29.—Thomas F. Frankham, cashier of the St. Paul & Western Coal company, has been missing for a week. He has had unrestricted control of about one-half million tons of coal, owing to the confidence imposed in him by reason of seventeen years of faithful service, and his transactions were never thoroughly checked up. The officials of the company decline to discuss the cashier's absence.

County Attorney O'Brien said that a complaint had been filed with him on which a warrant had been issued for the arrest of Frankham, charging the embezzling of \$10,000.

It is reported that when the books of the company are thoroughly checked up the shortage may be much greater, possibly as high as \$50,000 or \$50,000.

Extravagant living is given as the cause of Mr. Frankham's shortage.

BIG FALLS SALOON IS
DESTROYED BY BLAZE.

Big Falls, Minn., April 29.—(Special to The Herald.)—Big Falls had the first fire in its history, entailing a heavy loss, at 2 o'clock Sunday morning.

The fire broke out in the building owned by Louis Cyr, and spread as a saloon, which was totally destroyed, but fortunately no adjoining buildings were damaged.

There were only a few "sleepers" in the place when the fire broke out, which is supposed to have started from the stove.

Mr. Cyr has been in business there for three years, and had one of the best buildings in town. His loss is \$6,000, partially covered by insurance.

EARNINGS OF THE UNITED
STATES STEEL CORPORATION.

New York, April 29.—The net earnings of the United States Steel Corporation for the quarter ending March 31, were \$18,229,000. The directors re-elected all the officers of the corporation.

The earnings for the quarter show a decrease of \$20,930,457, as compared with the corresponding quarter last year. The surplus for the quarter was \$7,365, a decrease of \$3,678,711.

The unfilled orders on hand March 31 amounted to 2,765,342 tons, a decrease of 4,277,515 tons, as compared with March 31, 1907, and a decrease of \$55,210 tons as compared with Dec. 31, 1907.

FUNSTON TO GO TO
PORT LEAVENWORTH.

San Francisco, April 29.—Gen. Frederick Funston, whose prospective transfer to Port Leavenworth was announced several weeks ago, received formal orders yesterday from Gen. J. F. Bell, chief of staff, instructing him to assume his new duties in August.

Gen. Funston will relieve Gen. Charles B. Hall, who retires today at the age limit.

CANNOT FIND GIRL.

"JACK, THE NIPPER." RUSBY.
Edu Claire, Wis., April 29.—"Jack, the Nipper" is the latest vagabond to create excitement in this section. Who he is the officers do not know but they are trying hard to find out. He operates with pictures and does great damage by cutting wire fences at distances about a rod apart. Between the farms of R. L. Perry and Herman Kleist the line fence was nipped between every other fence post for a distance of nearly 200 rods.

CANDIDATES HAVE DRAWBACK.
Crookston, Minn., April 29.—(Special to The Herald.)—It was just like Attorney General Young handing them a bunch of money when the candidates for county officers who have filed appeared at the auditor's office and got back \$10 out of the \$20 they had handed in for a filing fee. The attorney general's ruling last week provided that \$10 was the legal filing fee instead of the \$20 given in the statutes.

NORTH SHORE RIVERS HIGH

County Bridge Taken Out by Flood at Lutsen.

Homesteaders from north shore, who arrived in the city on the steamer America this morning report the north shore streams to be unusually high at the present time, owing to the several days' rain during the past week. Some of the streams are said to be higher than they have been known to be before in many years. Poplar river, in which stream Caleb Carlson was drowned Sunday afternoon, is so high that it has caused a flood at Lutsen, and the county bridge over the stream at that point has been swept away. Ordinarily the stream is not a very large one.

The homesteaders say there has been no good trout fishing yet; that the rains came on and raised the rivers just about the time the fishing season was opening up. The snow of the past few days extended well up the north shore, about two inches having fallen at Lutsen since Sunday.

BRIGGS NOT MURDERED

Death of West Duluth Officer Due to Heart Failure.

Exertion of Struggle With Drunken Man Killed Him.

The sudden death that came to Lieut. Arthur J. Briggs, yesterday afternoon, in a struggle with Louis Staernstrom, whom the lieutenant was attempting to arrest for drunkenness, was found, in the autopsy conducted in Pillsbury's morgue by Doctors David Graham and S. S. Shannon, to have resulted from pericarditis, or heart failure, due to the rupture of the sack surrounding the heart, as was stated last evening in The Herald extra.

A report to the effect that the lieutenant had been shot and killed spread rapidly. This was strengthened by the fact that there was a wound over the left eye which was mistaken for the path of the assassin's bullet. Hundreds of inebriated people gathered almost

ARTHUR J. BRIGGS.

Instantly in front of Sam Ling's at 48 North Central avenue, the scene of the officer's death, intent on violence to the supposed murderer, who was held there.

Not Case of Murder.
Dr. Seashore was hastily summoned and in his examination discovered at once that was not a case of murder, and Detective Perry, who with Chief Troyer, had hurried to West Duluth at the first rumor of foul play, conveyed the information to the crowd which pressed against the little laundry's doors.

Staernstrom at first was too intoxicated to even talk intelligible, and later, when he had somewhat sobered up, said he could remember nothing of what happened, but told them to ask Lieut. Briggs, when informed that the lieutenant had died in a struggle with him, the man burst into tears, saying that he had known Briggs for years.

The lieutenant, at a call from Sam Ling, had followed Staernstrom through the laundry and into the little shed at the rear, where a struggle took place, which continued out into the alley. The two struggling men were alone. In the alley Lieut. Briggs and his adversary fell, the lieutenant on top. There O. J. Simon came to the officer's assistance. But by that time the strenuous exertions of the officer had proved too much for him and he was unconscious when found. He was carried into the laundry, where he soon expired.

Had Host of Friends.
Lieut. Briggs was well known and much respected throughout the city. He had served Duluth as a police officer well and faithfully for twenty-one years, and his loss to the force is a serious one. His many friends visited the undertaking rooms in crowds all last evening and this morning.

The officer is survived by his wife and seven children, three boys and four girls. The sons are John, Edward and Weber, and the daughters, Renold, Leona, Ottilie and Ursula. The family residence is at 5223 Grand avenue.

He was born in Ireland in 1857, where he learned the trade of a carpenter. When he came to this country he entered the police force at Duluth. That was on April 1, 1887. In March, 1893, he was appointed as chief of the West Duluth department, where he served until June of that year. Then he was transferred. In May, 1891, he again took charge of the West Duluth department until March 20, 1893. The next year, on March 28, 1894, he was made lieutenant of the West Duluth department, in which position he has served since that time. Almost every resident of West Duluth knew him personally and claimed him as a friend and his sad death came as a blow to all.

The funeral will be held Sunday afternoon from the Holy Apostles' Episcopal church, when Rev. J. J. Mooney will conduct the service. The interment will be at Onondaga cemetery. The funeral will be in charge of the

WILCOX MAY BE CHOSEN.

Is Likely to Succeed Briggs in West Duluth Police Department.

To fill the vacancy left at the head of the West Duluth police department by the sudden death of Lieut. Arthur J. Briggs yesterday afternoon, Sergeant C. E. Wilcox of the Duluth force has been detailed by Chief Troyer and started upon his duties this morning.

No permanent appointment can be made by the chief until after another

civil service examination is held. During the intervening time Sergeant Wilcox will have charge of the West Duluth police. He is a married man, 42 years old, and has been on the Duluth police force eight years. He is experienced and well fitted for the duties of acting lieutenant over the western portion of the city. He was appointed to the position of patrolman on May 10, 1900. Previous to his coming to this city he was a resident of New York.

Under the civil service rules there are only three sergeants who are eligible. They are Wilcox, Gillon and Kenna. The other two sergeants, Walsh and Weber, have no taken the required steps in advancement to allow them to be examined for the higher office.

NINE KILLED IN COLLISION

**Trolley Cars Come To-
gether Near Ypsilanti
With Fatal Results.**

Detroit, April 29.—Two large inter-urban trolley cars on the Detroit, Jackson & Chicago railway, running from Detroit to Jackson, collided head-on yesterday afternoon, while running about forty-five miles an hour, twenty-five miles west of here, near Ypsilanti. Nine men were killed and about thirty men and women injured, some of them seriously. A mistake in orders on the part of Motorman Isa Fay of the limited car, who was crushed to death beneath his vestibule, is alleged to have caused the collision. It is charged that he overran his orders. The dead are: MOTORMAN ISA FAY, Jackson. JOHN PAGET, Detroit. CHARLES CARLSON, Detroit. GEORGE HOWARD, Detroit. JOHN McMULLEN, Syracuse, N. Y. GRAHAM CRAMER, Detroit. Three unidentified men.

Four of the injured are in a critical condition in the hospital here. They are: Mrs. L. H. Chamberlain, Detroit; W. S. Stevens, Detroit; Roy Williams, Ann Arbor; an Italian workman. Among the less seriously injured are: Edward Devitt, Grand Forks, N. D.; and C. W. Reeve, Van Wert, Ohio. The limited car, comfortably filled with about forty people, left Ypsilanti at 2:17 o'clock for Detroit. Instead of stopping at Harris switch, about two miles west of the scene of the accident, where it is asserted by the officials of the road the car should have passed, the limited rushed by the crossing point at high speed. As it rounded a curve, four miles east of Ypsilanti, the local car flashed into view, also running at high speed. It was a hopeless effort to trip and stop the heavy cars, and they crashed together with terrific force.

Hardly a passenger escaped injuries of some sort. Bruises and cuts from broken glass were general among those who had fortunately escaped more serious injuries. A relief car was sent to the scene from Ypsilanti and carried

the severely injured to the hospital at Ann Arbor.

DELEGATES ARE UNINSTRUCTED

**Resolution Favoring W. J.
Bryan Turned Down
in New Jersey.**

Trenton, N. J., April 29.—Yesterday's Democratic state convention to elect delegates to the national convention at Denver, selected a delegation that is uninstructed, except as to voting under the unit rule. A resolution to instruct the delegation in favor of William J. Bryan was voted down.

Former United States Senator James Smith, Jr., who is an anti-Bryan man, was in full control of the convention and succeeded by a large majority in defeating the aspirations of Robert Davis of Hudson county and James E. Martin of Union county, the latter a personal friend of Mr. Bryan, who wanted to go to Denver as delegates-at-large. During the election of delegates-at-large, the convention was in continual uproar.

The delegates-at-large are: Senator John Hinchcliff, Passaic; Frank J. Katzenbach, Jr., Mercer; James Smith, Jr., Essex, and Howard Carrow, Camden. The alternates, Michael A. Devine, Atlantic; John S. Bell, Essex; James E. Martin, Union; and Davis S. Cramer, Monmouth, were elected by acclamation.

The proposition to have the delegates governed by the unit rule was adopted by a viva voce vote. Just before the convention adjourned and after half the delegates had left the hall, former Congressman Allen Benney offered a resolution instructing the delegates to Denver to vote for William J. Bryan's nomination for president. Senator Smith moved to table the resolution and this was done on a viva voce vote. The convention was presided over by ex-Mayor George A. Viehmann of New Brunswick, who made a vigorous speech.

After the delegates-at-large and all the alternates had been chosen, the roll of congressional districts was called and the district delegates chosen at the district conventions were formally announced.

FIGHTS FOR BABY'S SAKE

**Mrs. Hazelton Still Has
Faith in Husband,
She Says.**

**Two Poems About the
Golden-Haired Little
Daughter.**

Detroit, Mich., April 29.—"It is all for my baby's sake that I fight my husband's suit for divorce," said Mrs. Julia Y. Hazelton Monday. "It is due the child that she have her father's support and guidance through life and for that reason alone I am overcoming my sensitiveness and abhorrence of public notice."

"I see that Mr. Hazelton says I am a past master of the art of producing dramatic situations. He knows that I shrink from this sort of thing. 'And I still have faith in him. He is very stubborn, but when he comes to his full manhood he will change his mind.' At the special request of her mother, Mrs. Hazelton has permitted the publication of two poems that she wrote about the golden-haired little daughter. 'My mother has suffered so much through this sorrow of mine,' says Mrs. Hazelton, 'that much as I dislike publicity I am forced to do this for her.'

Here are the poems:

In Slumberland.

Mother has sung her lullabies,
And baby has gone to sleep,
Play-time ended, and now eyes closed
In slumber sweet and deep.

O, where are the meadows of Slumberland,
Where my darling wanders now?
That shadowy, far-away Slumberland,
That she enters with peaceful brow?

I think that she pauses where sweet
Flowers bloom,
And choirs of glad birds sing
From the branches of many a green-
clad tree.

While the heavens with music ring,
I know that the angels meet with her
In the border of Slumberland,
And speak to her words of sweetness and
light.

In a tongue she can understand.
For when she comes back from those
Far-away meads,
Her cheeks are like roses red,
And her blue eyes shine as dew-drops
bright.

In the light that morn has shed,
And she lifts up her dear baby voice and
sings
In loud and gleeful strain,
Such music as makes my sad heart forget
Its sorrowful ache and pain.

O, baby, tho' I cannot follow you
When you meet with the angels fair,
Tho' I cannot understand the words
That they speak to your spirit there.

The message you bring from those misty
Shores,
And impart in your own sweet way,
Gives me strength to bear up under life's
deep woes,
And brightens each passing day.

To Elizabeth.

"Do you love me, sweetheart mine?"
I ask of my lady fair,
Who looks at me with heaven-blue eyes,
"Nearth a halo of sunny hair."

No answer comes from dewy lips,
Purged in rosy red,
Ah, and it were if my future hung
On that shake of my lady's head!

But tho' words are to me denied,
My heart her secret holds,
First looked from jealous doubt or fear
Of rivals' entrance bold.

And lo! my answer comes complete,
The golden head droops low,
And nestled close upon my breast,
Two white hands seek my brow,

Twine love-lit eyes look into mine,
Sweet lips with sunshine curl,
And I kiss the rosy rounded cheek
Of my darling baby girl!

On the Stand Again.

After a good Sunday's rest Mrs. Hazelton came to Judge Howell's court Monday afternoon and took the stand for further cross examination by Attorney Alex J. Groves. Notwithstanding her husband's avowal that he will never live with her again, she was de-
nied her husband and that a reconciliation would still be opposed by divorce. She has said many times on the stand that she believes that divorce is wrong.

"Never Again," Says Hazelton.

Mrs. Hazelton's fervid desire for reconciliation with her husband, is apparently hopeless, as William S. Hazelton declares that he will never live with her again.

"I might as well try to do a day's work standing on my head as to try to live with her," he said. "She is great on the theory of love, as shown by her letters, but she never practices it. Her court is a great, big bluff. Her vision of love with me again will never come true."

Mrs. Hazelton, however, still believes that her husband will yet relent and that they will yet be "gloriously happy."

She says: "I believe God. He intends us for each other and that He intends we shall become reunited and be happy. Then let those people whom the world calls 'happily married' look to their laurels."

I have not been in the habit of late years of giving advice to any political party, and I think I am not on record as ever giving it to the Democratic party. I am moved, however, to Minnesota to say a few words as to the present situation. Governor John A. Johnson has developed more in the last three years than any man I ever knew. He grows under the pressure of respon-

sibility, and has been a marked honor to the party to which he belongs. In the ordinary courtesies of politics, Mr. Johnson is a brilliant intellect, a facile pen, an eloquent tongue. But Governor Johnson has shown remarkable quali-

JOHNSON GOOD, SOUND TIMBER

**St. Paul Pastor's Views
Concerning the Govern-
ment of Minnesota.**

The following letter from S. G. Smith, pastor of the People's church, St. Paul, was published in the Dispatch on Monday:

I have not been in the habit of late years of giving advice to any political party, and I think I am not on record as ever giving it to the Democratic party. I am moved, however, to Minnesota to say a few words as to the present situation. Governor John A. Johnson has developed more in the last three years than any man I ever knew. He grows under the pressure of respon-

sibility, and has been a marked honor to the party to which he belongs. In the ordinary courtesies of politics, Mr. Johnson is a brilliant intellect, a facile pen, an eloquent tongue. But Governor Johnson has shown remarkable quali-

ties as the governor of this state. He has conducted himself with a high sense of duty and has shown himself a man of judgment and courage. From the general point of view of politics without any partisan bias, he is entitled to the un-
contested delegation of the state of Minnesota. I feel that it would be a disgrace, not alone to the Democratic party, but to the whole state if a single voice were raised against him in the convention in his own state.

I write this not as a political pronouncement in any sense but from a loyal regard for a brother man whose career has been on the whole, the most remarkable in American politics since the days of Abraham Lincoln. Whether he is to be nominated or not, I do not know, but I do know that no citizen of Minnesota ever had as much backing in various parts of the country for that high office as Governor Johnson has. It often happens that we do not see men large enough who are near to us, and people who have been accustomed to call him "John" hardly realize that it might be just as easy to call him "Mr. President."

**THE SPANIARDS WILL
CELEBRATE ANNIVERSARY.**

Madrid, April 28.—Elaborate festivities commemorating the centenary of the war for Spanish independence, will be inaugurated May 1 with a grand musical festival in front of the Royal Palace at which the celebration will conclude May 7 with a series of bull fights for the people.

After the festivities King Alfonso and Queen Victoria, accompanied by their court, will go to La Granja, where the queen will remain until the birth of her next child. In the meantime, King Alfonso will make a trip to the eastern provinces of Spain, going later to San Sebastian and Bilbao for the yacht races. In the fall the queen will go to Cowes to visit her mother, Princess Henry of Battenberg.

SPROUTING BEANS

Removed From Both of the Italian
Boy's Ears.

Cleveland, Ohio, April 29.—Little Albino Gammet, aged 7, was found to have a sprouted bean in each ear, when treated for deafness.

"I found a bean of the ordinary table

variety in each ear," said Dr. Childs today. "The beans had sprouted and the child's ears were useless. The growth was such that in time it would have caused his death."

An operation was performed and the beans removed. The lad's hearing rapidly returned.

On the ship coming over from Italy the boy stuck beans in his ears and forgot them.

Weak Heart

Upon the heart action depends not only health, but life. If weak, the circulation is sluggish, and the supply of nourishment diminished. It also fails to carry off impurities. Disease follows from decay and stagnation. Dr. Miles' Heart Cure stimulates the heart action by strengthening the heart nerves and muscles.

"I had frequent sinking spells, sometimes as many as three in a day, during which my heart would seem to stop beating, necessitating the calling of a physician to resuscitate me. Before finishing the first bottle of Dr. Miles' Heart Cure the sinking spells had ceased, and I took altogether five bottles for a complete cure."

NEWS OF THE NORTHWEST

BRIDE STAYS NEAR TO HIM

Mrs. Griswold Does Not Smile as Bad Evidence Develops.

Evidence That Griswold Killed Boy in Charivari Party.

Minneapolis, Minn., April 29.—(Special to the Herald.)—Mrs. William Griswold, who was separated from her husband on the first day of her honeymoon when Griswold was arrested, charged with firing the shot that killed little Bennie Navratil, nervously fingered her wedding ring in Judge David P. Simpson's courtroom while witness after witness testified against her husband. Griswold was charged with manslaughter in the second degree and should be convicted of the crime, might separate him from his young bride for fifteen years, to be spent by Griswold in the state prison at Stillwater.

Griswold himself does not seem affected by the narration of the details surrounding Bennie Navratil's death, but his young wife follows every word intently. Emma Navratil, elder sister of the dead boy, told of the charivari which the children had been holding on the night of the shooting, and related how Griswold had come out of the back door of his father-in-law's house and fired five shots with a revolver. Griswold smiled. But the girl who did not smile. She moved her chair closer to the chair of her husband and strove the bridegroom's arm. Mrs. Griswold is 19 years old and unusually pretty. She wears a becoming gown of navy blue, with a hat of light straw hat adorned with brown feathers. During the recesses in the trial she talks with C. G. Laybourn, Griswold's attorney while Griswold wanders back in the courtroom and talks with friends who are watching the trial. The trial, Hopkins was well represented in Minneapolis. The testimony was corroborative of that already heard in the case. Emma Navratil, 20 years old, sister of Bennie, positively identified Griswold as the man who had come out of the Miller house while a crowd of children were gathered in the street. She had fired five revolver shots. Miss Navratil said she had been watching the charivari and that "Griswold shot at the children."

GRAND FORKS TO HAVE CAR LINE

Enterprising Citizens Plan to Build It on Local Capital.

Grand Forks, N. D., April 29.—(Special to the Herald.)—Grand Forks will have a comprehensive street railway system in the very near future and it will be constructed and operated by the citizens of Grand Forks. The plan is to build a street railway in the past on outside capital to supply the long desired want. The movement which is to result ultimately in supplying the city with an adequate street car service, had its first tangible evidence last night in the authorization of a committee by the Commercial club to canvass the situation with the business men of the city. The committee was taken after an animated discussion at a largely attended meeting of the club. President Lander was in the chair and after a discussion of various other matters, R. B. Griffith suggested that it was about time for the citizens of Grand Forks to make some action in the matter of a street railway system. He added that it looked very much as though the city would have to build it themselves, and the sooner the better. The rails should be put down at the same time the new paving is put in. He believed the necessary capital could be raised in the city and estimated that \$50,000 would be ample by securing power for the present from the gas and electric company. He made the appointment of a committee by the president to confer with the directors of the Grand Forks Transit company, and also to canvass the matter with the business men of the city.

BRIBER TO PENITENTIARY.

Blind Pigger, Who Bribed Minot Officer, Gets Staff Sentence.

Minot, N. D., April 29.—A. E. Miller was found guilty by a jury of giving a \$150 bribe to Chief of Police Hagen for protection. Miller was running a blind pig in the city. His partner, Kruse, was the complaining witness. Judge Goss, in sentencing Miller to the penitentiary, stayed public officials who would accept bribes.

HORSE THIEF GETS HIS.

Last of Gang Operating in McHenry County, Sent Up.

Minot, N. D., April 29.—The sentencing of A. P. Shaw, who pleaded guilty to grand larceny, to three years in the penitentiary, by Judge Goss, ends one of the famous McHenry county horse stealing cases and finishes a gang of horse and cattle thieves that has operated from the Missouri river to the Turtle Mountains for many years. The leader of the band was undoubtedly A. P. Shaw, known among his followers as "Coke." Shaw was shot last fall in the Turtle Mountains after breaking jail. He is in jail at Minneapolis after being captured in the West and making a desperate effort to escape from the state's evidence, is in jail awaiting sentence by Judge Goss on April 29. Shaw has been in jail since July 4, when he was captured for stealing a large bunch of horses. In reply to the inquiries Shaw stated when sentenced that he was born in Monmouth, Ill., fifty years ago, that

BODY RETURNED FROM ANTIPODES

Burial at Marquette of Man Who Died in Philippines.

Marquette, Mich., April 29.—(Special to the Herald.)—The funeral of Harry Ferris was held at 2 o'clock this afternoon from the home of his parents, Mr. and Mrs. D. R. Ferris, 22 West Bluff street, Rev. Bates Burt officiating. Interment was in Park cemetery. Ferris died last night two years ago, April 29, for the Philippines, sailing from Seattle, April 29, 1906. Several months ago Mr. Ferris was accidentally drowned in the Philippines, where he was acting as a supervisor of teachers in the government schools.

CARL PLEADS GUILTY.

Religious Institution Thief Given Five Years in Stillwater.

St. Paul, Minn., April 29.—(Special to the Herald.)—Robert Carl was sentenced to the state prison at Stillwater for five years by Judge Burn yesterday. He offered a plea of guilty on information that in March last he had stolen, which would have been found against him in May. He is the man who had been robbing convents in several sections of the city. The offense to which he pleaded guilty was the theft of a third degree, entering the house of Rev. Paul Rulph, the assistant pastor of the Church of St. Louis, who lives on Cedar street. He had, he said, been in St. Paul since the middle of March last. The defendant was evidently an ignorant laboring man, and there was something about him which indicated what the lawyers call "a low order of intelligence."

FIND STOLEN SECURITIES.

Notes and Mortgages Located on Banks of River.

Grand Forks, N. D., April 29.—Securities valued at about \$5,000 and stolen from S. Swensonson of Park River, a few days ago, when he left his grip in a local depot, were found on the bank of the Red river in a bunch of trees in the northern part of East Grand Forks. The securities were found to be in good shape. The grip and contents were turned over to Chief Lovett, who took them to the Grand Forks city hall and will return them to the owner. In the grip were mortgages on farms and other property, notes for various amounts, secured and unsecured, insurance policies, receipts, old pocketbooks filled with various legal papers and a few letters. The grip had evidently been used by Swensonson as a safe and proved to be a rather poor one. Robbers stole it from the Grand Northern depot, where he had left it for a while when he went down town. A quantity of watches valued at \$200 had been taken from the same thief, who had evidently decided that the notes and mortgages would be of little value, save to the owner.

AN UNHAPPY FAMILY.

Mother Has Husband and Step-son Arrested for Assault.

Dickinson, N. D., April 29.—(Special to the Herald.)—Sheriff Hartung and Chief of Police Corbett placed J. Wog and John Peter Wog, father and son, under arrest recently on information filed by Mrs. Wog in a charge of assault. On being arraigned before Police Magistrate Van der Laan the accused entered pleas of guilty and threw themselves on the mercy of the court. In view of the fact that it was the offense, the court imposed fines of only \$10 each on the prisoners, but warned the mother that if she failed to appear again before him on charges of a similar nature that they would receive the extreme penalty provided by law.

BOY SHOTS SISTER.

Six-Year-Old Youth Toys Fatally With Gun.

Brinsmade, N. D., April 29.—(Special to the Herald.)—The 6-year-old son of Mr. and Mrs. E. W. Linn, living near here, shot and accidentally killed his 3-year-old sister yesterday. The shotgun had been left in a buggy in the shed and the children straying thither they began playing around the buggy and the gun, which had been left loaded. In some manner the boy had managed to pull the trigger, the charge entering the little girl's left side, inflicting a serious wound from which she died a few minutes after, she being only about two feet away from the muzzle of the gun when the deadly charge so unexpectedly announced the terrible tragedy.

MINNESOTA BRIEFS

Sherburn—T. L. Record, an old pioneer who recently moved to Blue Grass, Saskatchewan, died there of pneumonia. For many years he was a justice of the peace and was a member of the G. B. L. He leaves a wife and five children and the remains will be brought here for burial.

ON THE IRON RANGES

NEW HALL SITE IS RECOMMENDED

By Committee to Whom Referred by the Hibbing Council.

Hibbing, Minn., April 28.—(Special to The Herald.)—The committee appointed by the village council at the past session to report on a site for the new city hall, at last night's meeting recommended the northwest corner of Center street and Second avenue. The village owns two of the lots on the proposed site, and a committee consisting of Trustees Rogalsky and Recorder Gandsey was appointed to confer with the Hibbing estate with a view of purchasing a third lot from the corner.

The committee will spend in the erection of this building, it is confidently expected that it will not be less than \$50,000. A permit was granted Kohr Bros. to erect a two-story building on the site from \$10 to \$12 per month and from the present depth of 20 feet to 30 feet.

A committee of the Hibbing village, which recently established in this village, has recommended that the village committee to raise the salary of Chief Waring from \$10 to \$12 per month and from the present depth of 20 feet to 30 feet.

ON THE IRON RANGES

NEW HALL SITE IS RECOMMENDED

By Committee to Whom Referred by the Hibbing Council.

Hibbing, Minn., April 28.—(Special to The Herald.)—The committee appointed by the village council at the past session to report on a site for the new city hall, at last night's meeting recommended the northwest corner of Center street and Second avenue. The village owns two of the lots on the proposed site, and a committee consisting of Trustees Rogalsky and Recorder Gandsey was appointed to confer with the Hibbing estate with a view of purchasing a third lot from the corner.

The committee will spend in the erection of this building, it is confidently expected that it will not be less than \$50,000. A permit was granted Kohr Bros. to erect a two-story building on the site from \$10 to \$12 per month and from the present depth of 20 feet to 30 feet.

IF WHAT YOU ATE LIES LIKE A LUMP OF LEAD

Get a Case of Diapepsin and You'll Not Suffer From Indigestion or Stomach Misery Five Minutes Later.

If what you ate is souring on your stomach or lies like a lump of lead, refusing to digest, or you belch gas and Eructate sour undigested food or have a feeling of Dizziness, Heartburn, Fullness, Nausea, Bad Taste in the Mouth and Stomach headache—this is Indigestion.

A full case of Diapepsin contains enough 22-grain Triangles to usually relieve the worst case of Dyspepsia, and leave sufficient about the house in case some one else in the

family may suffer from Stomach trouble or Indigestion. Ask your pharmacist to show you the formula plainly printed on these 50-cent cases, then you will understand why. Dyspeptic trouble of all kinds must go, and why they usually relieve a sour stomach or Indigestion in five minutes. Get a case now and eat one Triangle after your next meal. They are harmless and taste like candy, though each contains power sufficient to digest and prepare for assimilation into the blood 3,000 grains of food, besides it makes you go to the table with a hearty, healthy appetite; but, what will please you most is that you will feel that your Stomach and Intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for Bloating or Constipation.

This city will have many Diapepsin cranks, as some people will call them, but you will be cranked about this splendid stomach prescription, too, if you ever have Indigestion or Gastritis or any other Stomach misery, and eat just one Triangle.

nounced his intention of acting as his own attorney.

The defendants, at the opening of the proceedings, asked that the indictment be quashed, but this was overruled.

A motion was then made by the defendants for a bill of particulars. This motion being also overruled, the work of selecting a jury was begun.

Chicago, April 28.—In the criminal court, before Judge Chetlain, today, will begin a legal battle which promises to be one of the most remarkable in the history of Chicago. Several hundred will be called on to testify, and all the old animosity of a bitter political campaign will be reopened. The case is that of the people of the state of Illinois against John M. Collins, former chief of police, and Frank D. Comerford, former police attorney, who are charged with conspiracy to defraud the city of the services of its policemen.

The prosecution will be conducted by States Attorney Healy and his assistant, James J. Barbour. Attorneys N. Lewis and Sears and James Hamilton will represent the defendants. Former Chief Collins. Attorney Comerford will plead his own case.

The prosecution expects to show that 300 or more policemen, by the direct orders of Chief Collins and of Police Attorney Comerford, conspired to defraud the city of the services of its policemen.

The indictment is under the old conspiracy law, under which many convictions for the misuse of public funds have been obtained, but the defense denies that such an offense, as the misuse of labor, is within the contemplation of the statute.

Colville Commission Selects Mrs. Backus' Design Over St. Paul's.

St. Paul, Minn., April 28.—(Special to The Herald.)—The commission appointed by Governor Johnson to select a monument to be erected in honor of Col. William Colville, one of Minnesota's heroes in the civil war, has decided to have Mrs. Backus' design of Minnesota prepare a model of the statue in full size, and this proven satisfactory, the statue will be cast from it.

The other models were presented, one by J. K. Daniels of St. Paul and one by the P. N. Peterson Granite company. The state art commission recommended that the Daniels model be accepted. The commission asked the opinion of Larsen, the artist of Chicago, who was in St. Paul Monday, and he was asked to give his opinion on the design. Mr. Daniels did not recommend any of the models, but thought the model by Mrs. Backus had points in its favor.

SPORTING NEWS OF THE DAY

GREEN KIDS TURNED OUT

Manager Morrow is Filling His Ranks With Veterans.

Cummings May be Again a Member of the Pitching Staff.

Heap Big Chief Morrow took to the warpath at Aurora last week. With his little tomahawk he danced in and out among the hopeful braves and here and there a scalp disappeared and the erstwhile wearer, with the emblem of the tin receptacle on his breast, sullied forth with a heavy heart to join the army of the unemployed.

There was havoc among the twirlers, Couture and Nash were turned loose and of that optimistic, quietude fingers that gathered at Rockford April 18 but Murray and Brandt remained. The elongated mounds of ivory angularity bearing the name of Christ, who could field some and hit the ball more, but was ostensibly not a ball player, was also decorated and allowed, failing to get his release from the Port Wayne club, with which he had tried out in the spring, took to the trail.

The team is gradually getting down to something more of a team than a disorganized squad. If the north pole weather will let up for a few days a string of exhibition games will be worked in and then Morrow can get a line on the coes and determine whether any should be released. There are thirteen men at Aurora now and Krick and Jacobson have yet to report. Jacobson is a twirler, turned over to Duluth by Ducky Haines of the Sioux City club and he is said to be all at the good. Morrow is working for a pitching staff that will be a league better. Given a bunch of twirlers, a team in this league can take chances on the other positions. No matter how good the team is a poor bunch of hill men will send them grogging in the cellar looking for victories.

There are six men now on the pitching staff and Al Cummings, the pride of Duluth, is still a possibility. The Atlanta climate was too much for Cummings. He has been posing for the lake breezes and has asked for his release. It will probably be granted and then he will return to his own. Duluth fans wouldn't want any better pitcher in the city. They know he has the goods and can deliver them under all conditions and now the manager has the native son the pennant will look a good many games nearer.

They know he has the goods and can deliver them under all conditions and now the manager has the native son the pennant will look a good many games nearer.

Morrow is delighted with Ness, the big first baseman secured from Sioux City. The manager says he plays the big in great shape and is hitting the ball. Fagels is doing second and shows fine play. He's a ball player. Knocking at short is still playing. Hogan is a southpaw, a right hander, who will stick with the team. Morrow has picked up a man named Baker for third base, and believes he will make it a go. The pitcher, Dan Tucker, who was with Madison for a portion of last season and was once on the Hancock team in the old Copper Country League, he very likely will not stick. The pitcher with Madison last year was a right hander, a different man with a similar name. Such slugging as the Madison pitcher did would give the fans here a fair idea.

Outfielders are plentiful. Rorabaugh is still on his feet with the mighty club and substitute catching ability. Dan Tucker, who was a swifter from Seattle in the younger days, is with the team. Fair, a reputed "hit," is playing the other outfield, and Morrow is taking down weight in anticipation of getting in the game here.

There's nothing but optimism in the Duluth camp. The canning of the kids and slugging of veterans has improved the squad considerably, and Cummings' acquisition will be a big boost. Duluth is after a pennant-winner this year, and nothing worse than a close second will be tolerated. The fans or management, it's up to Morrow to produce the goods, and to all appearances, he's producing.

The Duluth manager has fallen into line with the policy of turning the youngsters loose to give places to the old men in the baseball game. No ball team in Class C, or Class D, either, can be made up entirely of youngsters, nor can the majority be kids.

Out of a swarm of corner lotters picked up in the spring time, one or two may go through the season; one or two others may start it, but it's back to the stump lands for the remainder. The \$10,000 prize combination of young long ball players, and only one or two can be made up of some more suitable comparative boys with their arms, they'll never do in organized ball.

Morrow has been swinging the ax on the youngsters, and here and there one or more at the first of the season, but six remain with the team. Those are on a squad of fifteen men, and three of them are due for the throwaway. It's a lot to ask that the youngsters will be youngsters. The kids break loose all right in the spring, when they're anxious to get the new broom in proper style, but in the grind of the race they fall down, where the veterans have been through it all many times before.

In the spring training trip Willie Frickles, just off the prairies, of Johnny Stout, from the Chicago lots, plays like a young demon, and gets everything he hits the ball many mighty swats, and the manager smiles sweetly as he thinks of his first find will make. But Willie or Johnny goes along for a week or two, and begins to pull him, and he'll be accused to this steady ball playing, and as the season draws near, what was play, the proportions of work. He hasn't learned to like it as work, and drops off. The veteran warns up to it as the season progresses. He knows every trick the battle as a matter of profession. He knows if he doesn't make good he'll lose his means of livelihood without knowing where to pick up another income. He's a professional, and in the end his experience counts more than the youngster's willingness.

There's something pathetic in the news that the friends of George Dixon, a little negro fighter, who died in New York six months ago, have turned over the fund \$10,000 to erect a memorial to him, to the Society for the Prevention of Cruelty to Animals. It's a better position in the wintry winds, because he didn't have an adequate coat to cover his back, nor shelter from the elements. The "friends" who have now collected \$1,500 without taxing their benevolence, raised Dixon a nickel for a cup of coffee. Dixon was the most cruel of human beings to himself. It was weakness and impotency that led him to pauperism. The hated sympathies were aroused. When he died, they buried the clay in which life to him had been profoundly kindness. Now they will erect a monument to his memory.

Keene Fitzpatrick, one of the greatest Chicagoans, died last night. He was a wonderful display of the efficacy of his system of training last Saturday at Philadelphia. He was a champion, and he couldn't find an opponent. Fitzpatrick was a champion, and he couldn't find an opponent. Fitzpatrick was a champion, and he couldn't find an opponent.

SKIN DISEASES CAUSED BY HUMORS IN THE BLOOD

The skin is provided with countless pores and glands, through which an evaporation is going on continually, day and night. This is nature's method of regulating the temperature of our bodies, and preserving the natural appearance of the skin. These pores and glands are connected with tiny veins and arteries through which they receive, from the blood, the necessary nourishment and strength to preserve their healthy condition, and enable them to perform this duty.

So long as the blood is pure and rich the skin will be free from eruption or disease, but when the circulation becomes infected with acids and humors its nourishing and healthful properties are lost, and its acid, humor-laden condition causes irritation and inflammation of the delicate tissues and fibres of the pores and glands, and the effect is shown in Eczema, Acne, Tetter, Salt Rheum, or some other distressing, disfiguring skin disease.

These humors get into the blood through a deranged or inactive condition of the system. Those members whose duty it is to collect and expel the refuse matter of the body fail to properly do their work, and this surplus or waste matter is left in the system to sour and ferment and be absorbed into the blood. There are also certain other humors which get into the blood from without. The juice or milk from poisonous plants, such as poison oak, poison ivy, nettle rash, etc., enters through the open pores of the skin and takes root in the blood. This causes a breaking out which remains for a time and then disappears, but returns at certain seasons of each year.

The cause of all skin troubles can be traced to some kind of humor in the blood. Smooth, healthy skin is only possible where the circulation is pure; and therefore the cure of any skin affection can only come through a thorough cleansing of this vital fluid. Salves, washes, lotions, etc., are valuable only for their ability to keep the skin clean, allay the itching, and tend to reduce inflammation; they cannot correct the trouble because they do not reach the blood.
